Proposed City Charter For Romulus Approved

By Commission In A 6 to 2 Vote

By HENRY CANTIN

ROMULUS - A proposed City Charter for Romulus Township has been approved.

A nine member Charter Commission elected by the township voters in November, 1968, approved the 86-page document last Wednesday night by a vote of 6 to 2 with one member absent.

The final approval came after approximately 15 months of sessions.

The city charter has 17 chapters. It has been forward to Lansing for study and approval of state officials.

Township voters will be asked to approve the city charter in a special election scheduled May 7.

Deadline for entry in the election is Saturday, March 28. Registration will be taken during the hours of 8 a.m. until 8 p.m. at the township clerk's office, 36572 Goddard Rd.

Nominating petitions for the office of mayor, clerk, treasurer and seven councilmen called for under the city charter is Friday, April 3 at 4 p.m. Alfred J. Perry, township clerk, announced.

Members of the charter commission who voted against the proposed charter are Terry L. Troutt and Jesse L. Tryon. Their reasons for doing so are published elsewhere in this edition.

Arthur Dittmar, was absent when the voting started. He had left the meeting shortly before.

Those who approved the document were:

Felix F. Rogalle, chairman; Alfred J. Perry, Charles L. Dick, Jr., James P. Foley, William M. Oakley, and Mrs. Mickie Lopota.

The proposed charter calls for a strong mayor form of government with non-partisan elections. Elective terms are to run for two years.

The administration branch of the new city government,

if voters approve, would consist of the mayor, clerk and treasurer. The legislative division would consist of the seven man council.

Rogalle is announcing the charter's approval said:

"I believe it to be a very good document. It is far and above all the charters the commission studied during its deliberations. (12 to 15) it incorporates the best ideas of all of them."

ROMULUS-An ordinance prohibiting vandalism in publicly owned parks, and recreational areas has been approved and adopted by Romulus Township Board.

The new ordinance also provides for the recovery of damages in addition to penalties that include jail sentences up to 90 days.

The damage recovery (three times the amount of damage cost) will be included in a court judgment upon conviction. In cases of minors, the damage cost shall be assessed against the parents.

The ordinance to become effective 30 days after publication (today) states in part:

"It shall be unlawful to destroy damage or remove any tree, shrub, wild flower or other vegetation, or to destroy, deface, or remove any publicly owned property in any public park or recreational."

Local 64-A Answers Supervisor

Romulus-President of Local 64-A of the Metropolitan Council No. 23, and Romulus Township employees, members of the local, currently in a labor dispute with the township board Monday took issue with statements made last week by Township Supervisor Roderick E. Smith when he answered an Open Letter to Citizens published by the union local.

Russell Makowski, local president, in issuing the local's reply to Smith stated that he wanted to clear up some of "the false and misleading" statements made by the supervisor. The local stated:

In regards to Township Supervisor, Roderick E. Smith answer to the "Open Letter to Citizens" issued by the union members on Feb. 25, I, Russell Makowski, president of Local Chapter 64-A of the Metropolitan Council No. 23, would like to clear up some of the false and misleading statements made by Mr. Smith.

Mr. Smith has stated the township was always willing to negotiate with the union. If this was true, why has it taken almost two years and a State Mediator, requested by the union, to begin meaningful negotiations?

Mr. Smith also stated that the union had failed in their contract obligations by not following the grievance procedure which could necessitate binding arbitration. This procedure, under the circumstances, was not mandatory per union attorney. Mr. Smith failed, however, to mention the township officials and trustees' obligations to the employees as proposed under the contract which is signed by both the union and the township.

In reference to the restraining order of Feb. 10, Judge George E. Bowles was quite satisfied with the

employees action of sending a telegram to the township officials stating that emergency crews would be available and this was his main concern.

Therefore, it was not mandatory that the employees return to their jobs except when an emergency arose. If Mr. Smith or any of the other members of the township board had attended this hearing, they would have observed this action, also the statement made by the township's attorney, John Young, "The Union has graciously agreed to return to work on the regular shift on

Monday, Feb 16, at the regular time."

Mr. Smith also states that a letter was sent to me, informing me of a meeting with the union. This is not true. A memo was sent to me from the board stating they wished me to attend an executive session, which is strictly a closed meeting and the invitation specifically mentioned my presence and not that of the union. Also, the memo did not express the purpose of the meeting, and anything discussed at an executive session is not binding.

HOUSING APPLICATION--The Romulus Public Housing Commission is accepting applications from families with low income. More than 100 public housing units are being constructed in the Avalon-Beverly Rds. areas (some are now occupied) under federal housing programs. Romulus Boy Scout Troop Member Becomes An Eagle

BY PEARL MORRIS

ROMULUS--The high honor of becoming an Eagle Scout was realized recently by Craig Schaub, a member of Romulus Boy Scout Troop No. 872, led by Max Nelson of Romulus.

Special ceremonies marking the event were held Feb. 18 at the Romulus Progressive Club Hall, 11580 Ozga Rd.

The program opened with the playing of the "Star Spangled Banner", with Miss Cathy Hood at the piano. The pledge of allegiance was led by Rickey Hood.

Introductions of local dignitaries present were then made, and included

representatives from the Romulus Progressive and Rotary Clubs, Romulus Chief of Police Koch; the Chairman of Huron District Boy Scouts of America, Emery Seestedt; vice chairman Huron District Boy Scouts, Joe Maulding, and representatives from Troops 829, 830, 808, Webelos Den from Pack 808, Webelos Den from Pack 736, and Troop 1168.

Boy Scout Commissioner Dick Boeman was also introduced to the audience as well as Troop 872's committee.

A special award, a thank you plaque for his many years of work in scouting, was presented to Emery Seestedt by the above mentioned committee. Ollie

Hilliker, was also thanked for making the ceremonial equipment.

David Hutchinson put on the 12 points of the Scout Law Ceremony. The Scouting Trail ceremony was done by Phillip Howe, as Tenderfoot; Donnie Schaub as Second Class Scout, Carl Seestedt as Star Scout, Howard Meyers, as Life, and George Nelson, as Eagle Scout.

George Nelson, also from Troop No. 872, and Bruce Jackson are two other boys in the community who have earned the high honor of becoming Eagle Scouts.

Talagra, assistant scoutmaster from Belleville, made Craig a presentation of something he lost when he was attending the National Jamboree last year - one of his garters!

The Eagle Award presentation to Craig was made by Dave Draper, Secretary of the School Board (Romulus Community Schools).

Craig, age 17, is the son of Mr. and Mrs. Loren Schaub, 5833 Fellrath, Taylor.

SCHOLARSHIP FUND--The Polish National Alliance (PNA) Post 2984, has established a Scholarship Fund applicable to students in Romulus, New Boston, Belleville and Ypsilanti areas. Members of the scholarship committee are left to right Walter Zaleski, PNA president; Sylvester Blazak, Joseph Nowak, Joseph Wojtowicz, and Ernest Ryback, attorney, chairman of the committee.

Scholarship Fund Started By Local PNA Post 2984

BELEVVILLE--The PNA (Polish National Alliance) Post 2984 accepted a recommendation from the Board of Trustees to establish a Scholarship Fund applicable to students in Romulus, New Boston, Belleville and the Ypsilanti areas. This action was taken on March 1.

All high school students in the above mentioned areas, regardless of their ethnic origin, will be eligible to participate in this award.

The initial contribution of twenty thousand (\$20,000) Dollars was given by the contributing membership of the PNA Lodge 2984, and affiliated Polish organizations.

It is the intention of the committee and the membership to increase the fund to one hundred thousand (\$100,000) dollars over an extended period of time. This will be done

The committee is attempting to have scholarship funds available for students graduating in 1971.

Walter Zaleski, president of the PNA Lodge 2984, stated that "the fund is an endowment created through the efforts of past generations to future generations, in order to carry out the principals, ideals and traditions that have been part of the Polish culture for over a thousand years."

The committee will establish guidelines for the creation of criteria which will be used for selection of candidates.

Preliminary proposals include both college and vocational student scholarships, which will be available only to students of Polish descent.

In addition each year the committee will grant three literary awards. They will be given for the outstanding essay that is written on a topic submitted by the committee.

The zither musical instruments has from 30 to 40 strings.

In Burglary Youth Is Slain

NEW BOSTON--David Patch, 17, of 35500 Sibley Rd. was shot and killed March 4 by police who reported that they caught him burglarizing a Huron Township service station.

Patrolman Donald Sand, of the Huron township police department, who shot the youth, reported that he fired his pistol when he saw a "metallic object" in Patch's hands.

"I thought it was a weapon," Sand told his supervisors.

Officer Sand and his partner, Chris Maciolek, reported that they received a report shortly after 10 a.m. that "someone was inside the station," located at Huron River Drive and Sibley Rd.

Sand stated that he entered the front door while Maciolek went to the rear of the service station. Sand saw the suspect and said:

"Stand where you are." Instead of obeying his command, Sand said Patch turned abruptly and Sand fired.

Lenten Season

Editor's Note: The following is the fifth of a series of Lenten Sermons by area pastors and leading churchmen. This week's article is by Rev. Charles Dibley, pastor of First United Methodist Church of Belleville.

By Rev. Charles Dibley

Many people, the writer -- perhaps the reader today? -- are willing to admit that there are times when they live uneasily beneath universal question marks about God.

Should "Believers" shudder in shame because they honestly admit to themselves that they have questions about God? Why should there be the "shame" or "guilt"?

Is it true that no one has the right to question God?

This is not God's idea!

He encourages questions.

It is written of a woman with a devout Christian reputation who confessed her secret doubts to her minister, but he laughed, saying, "a wonderful Christian like you, Mrs. ---? Why that is impossible!"

The Pastors' comment was both an insult to the woman and to God. Pastors on Sundays preach lustily of the many ways in which God has gone to make Himself known to man. He was here, faced with an honest question about God, but he ducked behind a platitude -- even flattery. Parents are equally guilty with their children.

THE 25TH MILLION HYDRA-MATIC—A 1970 Oldsmobile has become the 25 millionth General Motors car to receive an automatic transmission produced by GM's Hydra-Matic Division, Ypsilanti. On hand when the milestone transmission unit was attached to an engine at Oldsmobile in Lansing, Mich., were J. Stewart Garlick, general manager of Hydra-Matic Division, and John B. Beltz (right), Oldsmobile's general manager and a vice president of General Motors. Hydra-Matic transmissions have been providing "smooth sailing" for GM cars on the nation's highways since 1939 when Oldsmobile became the first car to offer a fully automatic transmission. Since then, more than 9.6 million new Oldsmobiles have been factory equipped with Hydra-Matic units.

Students Invited To 'Halt Use of Drugs' Program

Junior high school students from Belleville area will be invited to participate in a country-wide educational program to halt the use of drugs by school children.

The campaign is headed by Probate Judge George N. Bashara, Jr., who over the next 18 months hopes to show 1,000 to 2,000 students the tragedy of broken lives

that lies behind drug addiction.

Ten to 20 students from at least one Wayne County school will sit in Judge Bashara's Courtroom each Friday when, either voluntarily or involuntarily, drug addicted persons are committed to federal and state institutions for treatment.

Drug addiction commitments in the Probate Court have risen 60 percent in the past year alone.

The students will be seventh and eighth graders.

"We simply have to start a prevention program somewhere," Judge Bashara said, "and I think this is the way to begin making young people aware of what might happen to them if they use drugs."

Following the Court session, the students will be taken on a tour of the County Jail by the Sheriff where they may have an opportunity to interview drug addicted inmates.

The following week, at a school assembly, the Court visit with the assistance of Judge Bashara, will tell their fellow classmates what they have learned.

"I hope we will be able to scare them to death," Judge Bashara declared.

"I guarantee that after having seen actual Court proceedings and visiting the jail, they will have plenty to report."

Convenience food stores with gasoline pumps are growing in number. Last year 11% had gasoline pumps to combine gas service with food retailing. This year the number represents 13%.

TO THE EDITOR:

Today I received a telephone call from the Torch Drive Agency in Romulus soliciting funds.

If this agency is noteworthy, I would only hope that all those employed to solicit funds are not as crude, uncivil and insulting as Mr. X was to me. Anyone as discourteous as Mr. X doesn't belong in public contact.

And so I say to you, Torch Drive Agency in Romulus, if Mr. X is typical of your clientele, he will only serve to destroy your agency. Furthermore, I will boycott this organization and urge others to do the same if their callers are as rude.

You came into my home via the telephone, uninvited I might add, encourage do not discourage me, be polite and I will be the same. Thank you.

TO THE EDITOR:

JOB OPPORTUNITIES are in abundance ... read the want ads for the job you want.

Please write and tell me the above ad is just something to take up space.

My husband and I moved here right after we got married—about two months ago—and we like the town even though it doesn't like me today.

We have one (1) car and my husband drives to work in Plymouth five days a week. He leaves at 7:30 a.m. and returns at 5:30 p.m.

The exceptions to this rule are the two nights he has night classes when he returns later (He TELLS me he's going to school at any rate.)

What I'm looking for is a job that would be within walking distance. A job where I could leave after I've pacified him and sent him off to work and return before he makes his grand, growling entrance.

When I found nothing in a month's worth of ads I decided to hit the streets. (You've probably seen my lone crouched figure lurking past your Main Street office seeking employment where it isn't sought) At any rate I applied or tried to apply at several places and all that did was keep me out of the rain awhile (Which isn't bad at all now that I think of it).

I'm not a college grad with super shorthand and typing skills. As a matter of pure fact, I'm a college drop out that has trouble typing with two fingers and my longhand speaks for itself.

Though I'm not pretty, I'm clean. (Well pretty clean) and can learn to do simple one step operations. It seems some place would want me to do easy things so the C.G.S.S. (college grad super skills) could spend all their time brightening and bettering the world. I worked in an office before and though my boss went bald while I worked there, I never actually SAW him tear his hair out.

Being new in town I just wanted to tell my story to some one—thank you for reading.

Don't tell me—I know—we're not looking for a letter of this type right now but we'll put it on file. Right?

If you ever decide to have a "Dear Belle" column don't forget me. (Not for answers but you can see I've got problems.)

Thank You,
Ellen Caldwell

LETTER TO THE EDITOR:

Never have the people of Michigan responded so generously to a CARE appeal as the one for Nigerian relief and rehabilitation.

Because of this response a crash yam-planting program already is under way for which CARE is providing \$75,000 worth of seed and farm tools. Extensive road building and community development, in cooperation with the Nigerian government, also is in work.

In transit is \$339,607 worth of fortified powdered milk, vitamins, high-protein food (originally developed for astronauts), 41,000 cases of baby food and 32 outboard motors for fishery development.

This is but a beginning. At least five years will be required to help bring about the self-sufficiency so greatly desired by these proud and able people. It is almost impossible to estimate the number of man-hours and hundreds of thousands of dollars this will involve.

In behalf of the people of Nigeria we extend heart-felt thanks to the people of Michigan...this kind of people-to-people giving really makes a difference.

LIFE HEALTH

THOSE SILLY TONSILS

Inflamed, swollen tonsils knock little Susie out of that so-important recital; Johnnie misses a vital day at school because of "sore throat" which turned out to be "tonsillitis."

The tonsils, strong lymphatic tissue around the dirt passages in the throat, protect the respiratory organs from the attacks of undesirable organisms entering the body through the mouth and nose.

The normal activity of the tonsils, like other parts of the body, is directed by nerve energy messages from the brain routed through the spinal column. So long as the strong flow of nerve energy remains unimpaired, the body functions properly and radiant health is the result.

The chiropractor, with his knowledge of the nervous system, uses gentle spinal adjustments to insure proper transmission of vital nerve energy to all parts of the body so nature's healing from within can overcome the attacks of undesirable organisms.

As in so many other ailments of mankind, gentle, competent chiropractic adjustments can bring lasting relief to the sufferer of tonsillitis. Another Health and Life Article from the Office of:

Charter

(Continued from Page 1)

"It is definitely an improvement over the present form of government. There is no doubt about it the township form of government is slowly passing the scene. It has proven cumbersome with growing population."

He pointed out the non-partisan election provision called for in the proposed city charter was at the request of the electorate, based on a survey made throughout the township.

More than 66 sessions of the commission were held prior to last Wednesday voting.

Romulus Township voters approved city incorporation in the November, 1968 election and elected the charter commission to prepare within a two-year period a proposed city charter for the city of Romulus.

Supervisor Answered

(Continued from Page 1)

Mr. Smith stated the case that went to arbitration went because of the union's insistence.

After a five and a half hour meeting with Mr. Smith, Mr. Perry and Mr. Wallis, the union agreed on a settlement but Mr. Smith informed the committee that their recommendations would have to go to the board for final approval.

The board refused to accept their recommendations and therefore, the union had no other alternative than to let the arbitrator settle this matter. The outcome was basically the same as the recommended settlement, but at the expense of the taxpayers.

As for employees wages and salaries, we were willing to accept a \$5 per week annual increment across the board rate for a three year period with the written understanding that "Job Classifications and Wage Rate Adjustments would be discussed at a later date."

The only additional increments available to the employee (promotionally speaking) is when and if a vacancy arises. This does not occur very often and is only applicable to very few persons. With the present set-up the employee has little or no opportunity to up-grade his or herself.

Mr. Pennington, a trustee of the board, told the bargaining committee that he

saw no reason to bargain with the union because the employees did not vote for him in the previous election.

Mr. Stewart, another trustee, made statement to the effect he did not care if the matter of negotiating "Job Classifications and Descriptions" never got settled because come Monday morning he would open his shop doors and make his money anyway.

If this is the attitude of some of the board members than I do not think that they are in office for the benefit of serving the employees or the taxpayers. In my opinion they are there to fatten their pocketbooks.

The citizens of this township may not be aware of the fact that these men are only required to meet twice a month under the state law.

As quoted by Mr. Smith, they meet approximately eight hours a month for twelve months or about 96 hours a year. Their pay, which is public record, is \$3000 per year or approximately \$31. per hour while some of the township employees receive as little as \$1.75 per hour and yet the board cannot find time to bargain with the union. Is this fair?

I would like to inform Mr. Smith that all the employees with the exception of one, agreed with the letter that was published by the union.

I have talked to all of the employees personally and the majority of them said you did not approach them for an opinion of the letter and the ones you did approach stated that they informed you they did agree with the letter.

I did not inform Mr. Smith that this published letter did not have official clearance from me or the union. I told Mr. Smith that this was the opinion and actions of all the members of the union, with the exception of one member.

I also resent the statement made by Mr. Smith that this letter was written by some ill informed, poorly dispositioned employee who acted on his or her own.

In order that there be no further discrepancies, the undersigned are the members who approved the "Open Letter to Citizens" issued by the union employees and published Feb. 25.

ROMULUS — Petition to seek a referendum vote on Romulus Township's new Zoning Ordinance and Map was approved by the township Board in a special meeting held last Thursday.

The meeting held at the Hayti Elementary School's multi-purpose room attracted more than 100 property owners residing in the Middlebelt and Van Born

Rds. areas and community areas and community leaders.

The new Zoning Ordinance and Map was approved by the township Board in a special meeting held Feb. 26, at the township hall. It is being published in this week's issue.

The new zoning law is the results of numerous sessions with the township's planning

consultants, Parkins, Rogers & Associates of Detroit and a public hearing. It is the first updating and future programing of the township zoning regulations in several years.

The residents called the meeting in protest to a mobile home zoning classification designated for a location at the intersection of the two roads.

They are complaining that zoning the area for mobile homes when two mobiles home parks are already there would put a heavy burden on the school system and increase property taxes.

The new zoning ordinance contained all the incorporated changes as jointly agreed between the planning commission and the township board.

Among those attending the meeting were Township Trustee James Stewart, Attorney Ernest Ryback, Terry L. Troutt, former township supervisor; Jack Bath of the board of review, Daniel Lambert of the Police, fire and safety commission, Jess Tryon, charter commission member; parents and teachers.

The residents are from the various subdivisions surrounding the mobile home zoning location, Mrs. Charles McBride, 6345 Cordell, who along with others called the meeting, reported.

Mrs. McBride also reported that all present at the meeting voiced concern and decided to seek a referendum vote on the new zoning law.

Petitions were to be circulated throughout the township on Monday.

Supervisor Roderick E. Smith in commenting on the

action stated that a public hearing was held on the new ordinance, suggestions from residents received and acted upon.

"This protest is six months late. On Feb. 26 the township board met to study the recommendations of the planning commission. A petition containing some 277 names was presented and received by the township board. Filing such petitions after the public hearing could go on for ever and the township would never complete its job on a new zoning ordinance."

Smith all disclosed that there is some \$15,000,000 in proposed construction awaiting final zoning regulations and for building permits.

He also stated that east of the two present trailer parks on Van Born Rd. near Middlebelt Rd. was already zoning for mobile homes. This involved some 20 acres of land. In the new ordinance this classification was transferred to 30 acres west of the two trailer parks.

Also that under the new zoning law only seven mobile units per acre is allowed as against 12 units per acre under previous zoning regulations for the area and before the transfer in the zoning.

This is a reduction of 960 to 210 mobile units for the site, Smith added.

Narcotic Laws Detailed By Judge James Stone

Editor's Note-The following submitted by District Court Judge James B. Stone of the 34th District Court (Romulus) is the first of a series of articles on the problems of narcotics which has been in the front of current news report.

In 1943 Michigan enacted a law governing the sale and possession of certain dangerous drugs. It is known as the Dangerous Drug Act and is in reference to the possession, control and use of stimulant drugs and sleeping pills.

In addition to the obligation imposed on all peace officers of the State, specific provision is contained in the Narcotics Act making it the duty of the State Director of Drug and Drug Stores, his officers and agents and all prosecuting attorneys to enforce the narcotics laws.

Anyone empowered to enforce the provisions of this act may arrest without a warrant any person found to be in violation of the laws relating to traffic in narcotics, take this person before a court having jurisdiction and pursue such other action as the laws provide.

Anyone empowered to enforce narcotics laws may enter and search any room, rooms, or any other place where the provisions of the Narcotics Act are believed to have been violated, subject to compliance with applicable law as to search and seizure.

In addition, there are federal laws regarding the narcotics trade which carry even greater penalties than our state laws.

Federal penalties for illegal narcotics usage were established under the Harrison Act of 1914, which provides that illegal possession of narcotics is punishable by fines and/or imprisonment. Sentences can range from two to 10 years for the first offense, five to 20 years for the second, and 10 to 20 years for further offenses.

Illegal sale of narcotics can mean a fine of \$20,000 and a sentence of five to 20 years for the first offense, and 10 to 40 years for further offenses.

A person who sells narcotics to someone under 18 is refused parole and probation, even for the first offense.

If the drug is heroin, he can be sentenced to life imprisonment or to death.

The Harrison Act has been used as a model for most State laws, and it has been the practice among both Federal and State judges to impose severe sentence for narcotics violations.

In response to the many requests I have received for information regarding the possession, control or use of narcotics, I would like to use these pages to pass that information to the citizens of the 34th Judicial District.

The problem of narcotics has been in the forefront of the news lately and is causing great concern in the minds of all of us.

At one time the problem seemed to be confined to the large cities and offered very little threat to the families of the suburban areas. That is no longer the case. It has become a sickness that is finding its way into all areas of our society and is best combatted by understanding and recognition.

In this and following articles I would like to share my limited knowledge with you in the hope that together we might be able to at least slow the tide that seems to be sweeping toward us.

There are really two facets to the drug problem, the legal and the physical penalty that must be paid by those persons who become involved with narcotics. I would like to devote this first article to the legal ramifications.

In 1937 Michigan enacted 28 sections of law dealing with the illegal sale, possession and use of narcotics. In 1952, seven more were added to this law.

Included in these acts is the penalty of 20 years to life for any unlicensed person to sell, give away, administer or prescribe narcotics. These acts also make it illegal for a person to be addicted to the use of narcotics, the penalty being not more than \$2000 or not more than one year imprisonment.

Also, that any vehicle, vessel or airplane or other means of transportation knowingly used in connection with the illegal possession of narcotic drugs shall be forfeited to the Commissioner of the State Police.

No one is immune to universal questioning. No one is immune to doubt. No one is all-informed about God and His Ways. But any one can begin to discover Him at anytime, if one is open and honest and willing to drop the pretense of being anything but a member of the human family with both the need and perfect right to discover God first hand.

God who created you is in no way dismayed or shocked at your questions. He welcomes them. He created you with an inquiring mind. This is a strictly personal matter between you and God.

God is the only living Person who can bear complete inspection. And He lovingly invites it.

The Bible Record bears the experience of people who personally confronted Jesus, Son of God, with their doubts, their fears and their unbelief. Jesus did not drive them away, but rather invited them in for further conversation or went out of His way to visit them in their home.

He personally, lovingly, invites your questions.

"I will certainly not cast out anyone who comes to Me," Jesus Son of God.

"Behold, I stand at the door and knock, if any man will open the door, I will come in," Jesus the Christ of Easter.

Opposition To Proposed City Charter Explained

By Two on Charter Commission

ROMULUS — The nine member Romulus Charter Commission by a majority vote approved a proposed City Charter for Romulus Township last Wednesday. The vote was 6 to 2. With one absent.

The following statement was jointly issued by two commission members, Terry L. Troutt and Jesse Tryon who voted NO to the proposed document. It follows:

To the Residents of Romulus Township:

As members of the Romulus City Charter Commission we have worked hard to help draft a charter that, if adopted by the voters, would bring about significant improvements in our community and for a reasonable tax burden.

The draft of the charter approved by a six to two vote (with one absent) on Wednesday, March 4, fails to meet this objective in many respects. Thus, we were forced to cast "no" votes.

We feel that every voter in Romulus Township should be alerted to these weaknesses before the document comes before the voters May 7, 1970.

As a general statement we say the proposed Charter for the City of Romulus does not provide the residents of this community any major improvements over the possibilities as a Township.

The salary scale and expense provisions as set forth in the proposed Charter creates a cost of government burden higher than any comparable community of our size in Michigan. The relatively high assessed valuation of real and personal property in the Township of Romulus when compared with the estimated population of 21,000 to 25,000 over the next several years makes unrealistic the high (10) mill tax provision, plus the present 1.5 mill for police, written into this charter proposal.

To document the above statement on some of the weaknesses of this charter as proposed we will identify by Chapter and Section some of the more critical points about which we feel you should be concerned.

Chapter IV -- Section 4.1 -- OFFICERS TO BE ELECTED

The term of office for all elected officers is to be for (2) years. However, the term of office for the first set of officers will run for over (3½) years (May 7, 1970 to November, 1973). These first

officers will be elected without benefit of a primary and as incumbents will have a distinct advantage for re-election.

We feel this is a basic weakness in the charter and could saddle the community with a governing body, for the first critical years, consisting of individuals who attained only one or a few vote plurality over a field of several candidates for each office. This provision in the charter is especially dangerous since all candidates will be running on a nonpartisan basis in a community having very limited experience in choosing nonpartisan candidates.

Chapter IV -- Section 4.5 -- FILLING VACANCIES IN ELECTIVE OFFICES

The proposed charter obligates the council to appoint a replacement to serve out the unexpired term. We believe the council should fill the vacancy if 15 or less months of the term remains, but if more than 15 months are involved then the post should be filled by an election. Under this section some

appointments could be made for over three years.

Chapter IV -- Section 4.9 -- Item (d) -- (Payment of expenses of elected officers and employees of the city)

To avoid abuse of the practice of payment of expenses of elected officers or city employees the reimbursement of expenses should be limited for official business or assignment on behalf of the City of Romulus.

It was our feeling during discussions on this section that justifiable expenses should be allowed when incurred by an elected official while serving the community outside the city limits, but no expenses would be allowed while serving the community within its borders.

Chapter IV -- Section 4.9 -- Item (h) -- (Compensation of members of Boards and Commissions).

The compensation of \$50 per month for members of City Boards and Commissions, as

proposed in the Charter is far greater than that which is paid to elected members in cities of our size within the state of Michigan.

In addition the wording in the proposed charter would permit an individual to serve on several Boards or Commissions, draw the \$50 for each monthly meeting and then draw compensation, set by the Council for attendance at any number of extra official meetings. As you no doubt know, most commission and board members are appointed on a political basis and used to pay off the political debts of the various elected officials.

Chapter V -- Section 5.2 -- COMPENSATION

The starting salaries, of the mayor (\$17,500), the city clerk (\$12,000) and the city treasurer (\$12,000), as provided in the proposed charter, are substantially above the salaries paid for these positions in many Michigan cities with much larger populations.

We cannot see that administration of the proposed City of Romulus will call for a level of skills and knowledge to necessitate this kind of outlay of public funds.

To further compound this raid upon the public till, provision is made in this charter proposal for the council to raise the salaries of elected officials. This action, in the form of an ordinance, could be blocked only by a referendum vote. However, a referendum vote on an ordinance passed by the council under the proposed charter is very difficult because the number of signatures required is set so high.

In addition to the salaries mentioned above, the mayor, clerk and treasurer will receive all fringe benefits equal to those paid to city employees and department heads. You will see in the charter they include pension plan, life insurance, hospitalization, and sick benefits.

Although mayor, clerk and treasurer will continue to receive their full pay when off the job because of sickness, they will also receive sick leave benefits. The receiving of two paychecks is unheard of.

While discussing proposed salaries it should be pointed out that the charter provides, as an annual salary of \$3,000 for each member of the council and

\$3,500 for the chairman. Again in comparing with neighboring communities (Taylor and Westland) and cities with population of less than 25,000 these salaries are the highest paid in any city in the state of Michigan.

It is quite clear that with this high priced administration of the proposed city of Romulus, then as property owners we should ask -- what else will we get from the new city?

Chapter V -- Section 5.7 -- Item (9) Corporation Counsel

It is our firm belief that the corporation counsel should be employed on a full time basis and at a fixed salary. This is of critical importance during the early stages of a new city. The total cost, under this plan would be much less than a fee or retainer basis possible under the present wording of the proposed charter. The cost in the past years of the township for legal services for the last ten years has been much greater than it would cost for a full time legal counsel. Part time legal service received a percentage on all bond issues sold by the city.

Chapter VII Section 7.9 and 7.12 -- REFERENDUM ON ORDINANCE PASSED BY COUNCIL

The procedures set up for reversing action by the council, makes this "voter check" almost impossible. FIRST -- A petition to be valid must be signed by six percent of the voters registered at the last preceding election of the mayor. SECOND -- If the petition drive is successful the council may turn around and pass a new but similar ordinance on which petitions would not apply. We argued that at least one year should elapse before the "new" ordinance could be passed on the same issue.

Chapter XI -- TAXATION

We share the concern of all taxpayers in the face of increasing costs for all levels of government. We know how quickly the administration of a new city will find reasons to utilize the maximum authorized millage.

We know also that cities incorporated recently, within the southeastern Michigan area, and having substantially higher populations, are operating on less than the (10) mill limit established in this proposed

charter for Romulus plus 1.5 mill for police making the total 11.5 mill.

In evaluating the effects and therefore the justification for the 11.5 mills, you should consider the direct effect upon your real and property taxes. If we use a home, for example, that has an assessed valuation of \$5,000, the present Township tax is approximately \$16 per year plus \$3.20 for each additional \$1,000 of assessed value.

Under the proposed 11.5 mill limit, the same home (in the City of Romulus) will carry a tax bill of \$64 plus \$12.80 for each \$1,000 of assessed value.

In addition, as a township, we have already committed ourselves to a tax burden of up to 7 mills of \$64 plus \$12.80 for each \$1,000 of assessed value.

We are pointing out just some of the weaknesses in the proposed charter as we have been unable to have them corrected during the working sessions of the charter commission.

We are not against Romulus Township becoming a city, but we do not accept the idea of "A city at any price."

As registered voters you will be asked to vote YES or NO on the whole charter document. As you well know, just one bad tire on an automobile can make it a hazard to drive. Thus, we urge you to weigh these weaknesses against the benefits you might realize from adoption of this proposed charter.

In closing this documentation of why we voted "NO", at the charter commission meeting March 4, we want to point out one of the "scare" arguments you will probably hear. This is the threat that "The City of Taylor will annex the airport and the industries from the center of our township unless we become a city."

The facts are that before any

land or properties in Romulus Township could be annexed, over one-half of those casting votes in Taylor would have to vote "Yes" and OVER ONE-HALF OF THE VOTES CAST BY PROPERTY OWNERS IN THE AREA PROPOSED FOR ANNEXATION WOULD HAVE TO VOTE "YES".

Remember the community doing the annexing and the area being annexed vote separately and are counted separately, and that both areas must vote yes for the annexation.

Bell Firm Sets Up 'Special Action Force' For Clientele

Michigan Bell Telephone Company announced this week that it has launched a new service program committed to aiding customers who are dissatisfied with the handling of their telephone problems.

Dan F. Smith, vice president and general manager of the company's metro area, said that a "Special Action Force" has been set up to help when customers feel they are getting only "polite attention" or when normal operating routines have failed to satisfy their requests.

"Our customers expect and deserve excellent service and that is what we're providing for the vast majority of them," Smith said. "But occasionally we boot one. When we do, we want our customers to complain about it--to us."

"We have become increasingly aware of the growing degree of customer expectation and of the accompanying frustration when things don't go right. This all leads to a feeling on the part of customers that we don't care and I want them to know we do care and that is why we have set up this special action force."

Smith said the new force would concentrate on such problems as delays in installation of service, missed appointments, recurring out-of-service conditions and similar cases. However, the special force will not limit itself to these alone but will tackle all sorts of service problems.

Smith pointed out that there cannot be an instant solution to every problem. But he emphasized that the special action force is designed to bring a new dimension to telephone service by providing "second effort" to assure customer satisfaction.

Michigan Bell employees are trained to be sensitive to customer service needs, but members of the new force will go a step further, Smith explained. "In effect," he said, "they will be customer advocates--ombudsmen--representing the customers' interests."

Smith said the special action force idea is being extended throughout the entire area served by Michigan Bell. The makeup, size and work experience of the backup force will vary

and will depend on each telephone district's problems. Each district will structure its own force to meet its own needs, he said.

"Edward H. McNamara, our manager here, will play a key role in implementing this new customer program locally," Smith noted.

Smith explained that the new force will function as a backup group. The service representative will be able, as she is now, to handle most cases when customers call the business office to discuss telephone problems.

And, Smith pointed out, customers should continue to dial repair service to report telephone out of order or request other repair service.

In situations where the service representative or the repair clerk finds the customer's needs either cannot be met or are not being met through regular channels, she will turn the problem over to the special force.

"We are a customer-oriented business," Smith said. "Our reason for existing is to provide service. We want our customers to

know that we are deeply concerned about their needs and the company is establishing this special action force or experienced telephone employees to re-emphasize our concern."

WANTED! SONS OF MEN

A great offence has been committed against God, when one does not believe what He has promised! Do you know God's Promises? Do you know that God has magnified His Word, the Bible above all His Name? The Apostle Peter wrote, "If any man speak, let him speak as the oracles of God." There is a great need for, and advantage in, obeying this injunction. We live in a day when men speak in a style very different from "the oracles of God." A conceited philosophy on one hand, and an utterly impoverished theology on the other, have given the world a colorless language, destitute of all truthful elements. The Spirit of God calls the sons of men to the Truth provided in "the oracles of God." JETS Build Message Board

BELLEVILLE—The Junior Engineering Technical Society (JETS) is a national organization with the purpose to better prepare high school students in various fields of engineering and to expose these students to as many different areas of engineering as possible.

The Belleville High School chapter of JETS has about 20 members carefully selected on the basis of their academic achievements in the areas of math and science.

These young men annually undertake the task of designing and building an original project.

This year the Belleville JETS chapter has chosen as a project the design and construction of a message-light array, similar to the message board in Hilton Hotels or the message board in Times Square. The JETS' version is approximately 26 feet long and 5 feet high with 612 individual lights to display the messages.

This message board is intended to be used during athletic events to help support the high school teams.

Because of the high expense involved in the construction of this project, the JETS members must raise a fair amount of money to transform their ideas and design into a working instrument.

The JETS have for years sold athletic ribbons to support the football and basketball teams and to raise money to build their annual projects.

In addition to the funds received through the sale of athletic ribbons, contributions of materials from various companies and individuals have been received.

Group To Report On College Center

ROMULUS—A report from a sub-committee exploring the possibility of a community college and vocational arts center for Romulus will be heard by the Policy Advisory Council when they meet on Wednesday, March 18, in the new Board of Education Office, located at 36540 Grant St.

The meeting will begin at

7 p.m. announced Mrs. Lorena Burton, Federal and State coordinator for compensatory programs.

The sub-committee has been holding meetings, conducting interest surveys and making plans for recommendations to be submitted to the council and school board.

It is hoped that a community college program will be available by fall.

The committee plans to utilize facilities and equipment already owned by the district to offer an extended adult education and vocational training program to the community.

Mississippi has a town named Hot Coffee.

Hilton Inn Sets Groundbreaking

ROMULUS—Groundbreaking ceremonies for the new Hilton Inn in Romulus will be held Friday of this week.

The new Hilton facility will be located on Wick at Wickham, opposite the present Metro Inn. It will be a four-story motel complex with an estimated construction cost of more than \$1,500,000.

Township officials and community leaders have been invited to attend the groundbreaking.

Foundation work on the project has been started. In addition to the motel proper, a public facilities building will be constructed adjacent to the motel.

The contractors are the Webster Builders, 28600 Southfield Rd., Lathrop Village, Mich.

The owner of the proposed facility is Associated Detroit Company, Inc., 1600 N. Woodward, Birmingham.

School Bill Talk Set

BELLEVILLE—Harmon Cropsey, a Lobbyist with the friends of Michigan schools for the past eight years, will give a lecture and answer questions concerning the controversial school bill now before the legislature.

This lecture will be integrated into the 7:30 p.m. service at the Grace Baptist Church on Sunday March 15.

"This should be of interest

to every parent because of its effect on the future of our schools and our children," Pastor Kinniman Crawford, stated.

Everyone is most welcome to attend this lecture. Other services of the Church are, Sunday School 10 a.m., morning worship 11 a.m., youth service 6:30 p.m., prayer Wednesday at 7:30 p.m. For additional information call OX 95411.

Brides-Elect In The News

SPRING IS heading our way (we all know it even tho' some of this weather we've had tossed at us belies the fact that March 21 is almost upon us). And with the budding of trees, the peeking through of crocuses and their tuber sisters, and the meanderings of man's mind, in general, comes the distant sound of wedding bells.

Several of our brides-to-be have had a busy time planning their weddings along with the fun of being showered with all kinds of beautiful gifts for their future homes.

Two For Karen

AMONG THOSE who'll be exchanging wedding vows this month is Karen Mach who was the honoree at two recent bridal showers. The first, held at Mach's Flowers on Merriman Road, had Mrs. Eula Mach, Mrs. Bonnie Hood and Mrs. Diana Mach, all of Inkster, and Mrs. Linda Cook of Detroit, as co-hostesses.

Some 50 friends and relatives of the bride-elect answered invitations to the miscellaneous event which included several pencil and paper games. House prizes were awarded through a drawing of numbers which matched those on the little lapel corsages of netting and entwined wedding bands which guests wore.

When it came time to open her gifts, Karen was assisted by her sister and future maid of honor, Gina Mach, and attendants, Bonnie Hood of Inkster; Chris Stopa and Carol Medley of Belleville; and Darlene Bruce of Birmingham.

An arrangement of fresh sweetheart roses in the apricot shade to be used in the wedding, centered the buffet table as guests enjoyed supper.

KAREN'S SECOND pre-nuptial party, tagged 'miscellaneous and personal', had Mrs. Pat Medley, Carol Medley and Lois Tate as hostesses. The Willow Run Church of God, where the wedding will be held, was the setting for the evening party attended by 20 guests from Ypsilanti and Belleville.

Following several bridal-theme games, the group sat down to a buffet lunch and then watched as the honoree unwrapped her pretty gifts.

Karen will become Mrs. David Medley on the 21st of March.

100 Honor Janice

JANICE GRAJEK and Bruce Hampton have reserved St. Mary's Catholic Church in Wayne for their March 21 wedding. In recent weeks the bride-to-be was the honored guest at a miscellaneous shower given by her three aunts, Mrs. Walter Wisniewski, Mrs. Richard Grajek and Mrs. Raymond Grajek, all of Westland.

The Wildwood Hall in Westland was the gathering spot for some 100 friends and relatives who came bearing prettily-packaged presents for the future Hampton household. Little parasols were presented to each guest on her arrival and were used later to determine the winners of door awards.

A buffet supper was served following several games of card bingo. Janice then opened her gifts which were

arranged beneath a green parasol. Bridesmaids on hand to help with the ribbons and wrappings were Roseanne Light, Joanne Smith, and Karen Hampton. Also taking part in the festivities were the two youngest members of the bridal party, Cindy Grajek and her brother, John.

Miscellaneous Event

AND STILL another Belleville girl, Susan Clark, (who's soon to tack MRS. before her name) was honored at a miscellaneous event on Sunday, February 22. Held at the Ypsilanti home of Mrs. Arthur Sanders, the 27 guests were greeted by co-hostesses, Mrs. Richard Copeland and Mrs. Sandy Willis, both of Ypsilanti.

Guests from Allen Park, Dearborn, Ypsilanti, Monroe, and Belleville, vied for prizes during several paper and pencil games which were followed by a dessert, coffee and tea.

Susan will become Mrs. Paul Studer in a March 28 ceremony at the First United Methodist Church of Ypsilanti.

Council Of Catholic Women Set Convention

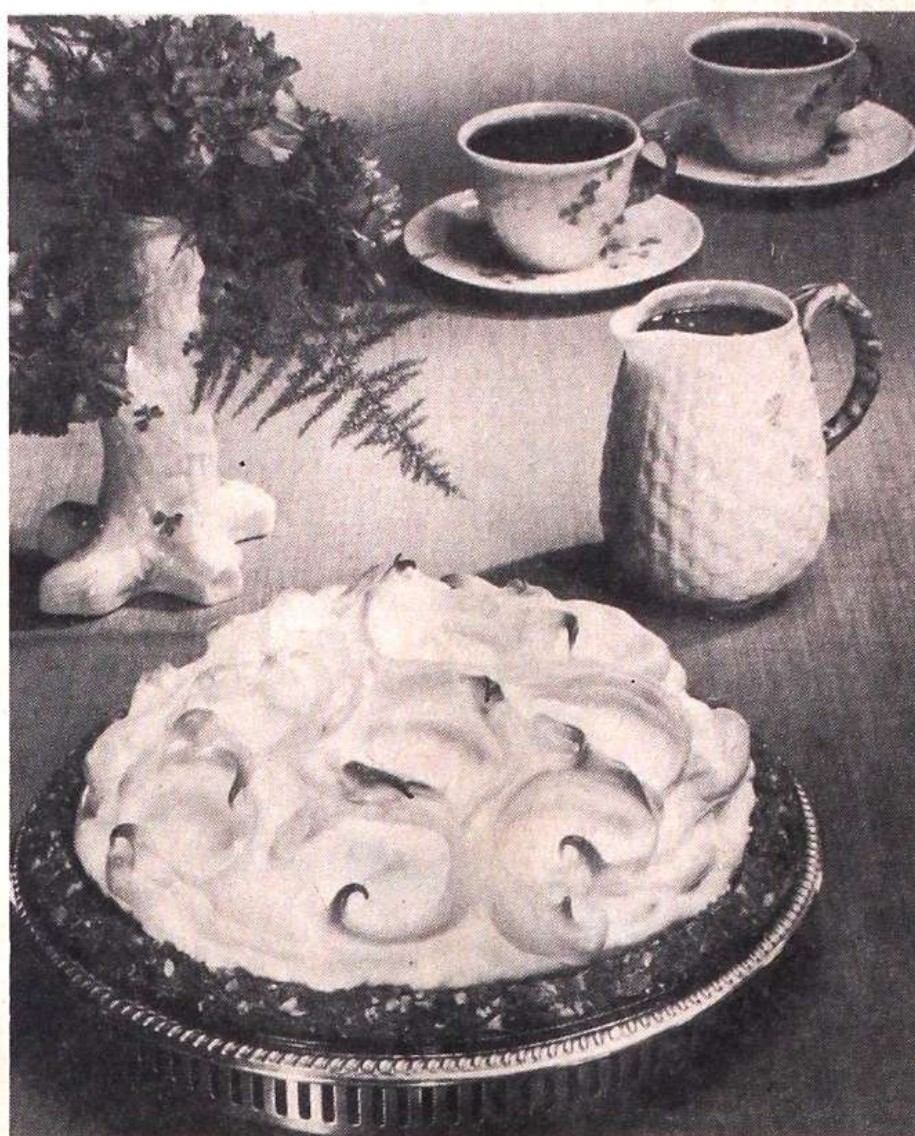

The Michigan-Detroit Council of Catholic Women is holding its 1970 Convention March 16 at Cobo Hall. Beginning with registration at 8:30 a.m. the day-long convention will culminate with a celebratory Mass with John Cardinal Dearden the chief celebrant.

The morning conference, "The Triple Role of Christ", will be of special interest to all Catholic men and women serving on parish councils and parish committees of worship, education and christian service. The archdiocesan directors of these three departments will speak and there will be ample time for questions.

Know the function of the Michigan Catholic Conference. Francis J. Coomes, director, will participate in a conference along with two state legislators, Sen. Emil Lockwood, and William A. Ryan. What influence do we have on a legislative matters? Now is the time to discuss issues.

"Developing a Completeness in Unity" will be a panel of vicars with DACCW president Mrs. Barber and Spiritual Advisor Father Van Antwerp as consultants. Questions about vicars, vicararies or the Council of Catholic Women will be answered.

Other outstanding speakers will include James E. Conlan, Director, Sales, General Motors Corp., Miss Rita

SOMETHIN' SCRUMPTIOUS--Begorra! What a beauty of a pie! And this shamrock green ice cream pie is easy to make as jumpin'-off-a-log, it is! Serve it with a semi-sweet chocolate sauce for a St. Patrick's Day party. Or just surprise your family next Tuesday when you whip out this appropriately-colored dessert. They'll think you're the cleverest of cooks for taking the time to remember it's rather a special day, Irish or not!

Pretty Pistachio Pie -- A Treat For St. Pat's Day

St. Patrick's Day is coming up, so get out your best Belleek china and prepare for a party-in greens! For dessert, you won't be able to find anything more delicious than this Chocolate Pistachio Pie, served with a wonderful Baker's Semi-Sweet Chocolate sauce--a kind of dessert to remember with pleasure, and one you'll make often. Use other kinds and colors of ice cream for different occasions.

With your precious Belleek china a green tablecloth would be lovely, and there must be green carnations for the centerpiece! Make most of the meal "in the greens" if you like, choosing pea soup for a starter. Serve this in

small cups with toasted croutons. To accompany the meat course (corned beef, perhaps), there are any number of green vegetables from which to choose--perhaps fresh asparagus with a cheese sauce. Toss diced avocado and bits of pimiento for color contrast with your green salad and serve parsley

buttered Irish potatoes, too. For the perfect finish--this Chocolate Pistachio Pie.

If you haven't time to make a pie, then make a simpler dessert like Leprechaun Mint Freeze. It's similar to a rich tortoni, but has been given a touch of green from the Emerald Isles.

Chocolate Pistachio Pie

- 1 1/4 cups graham cracker crumbs
- 1/3 cup finely chopped unblanched almonds
- 1/4 cup sugar
- 1/3 cup butter, melted
- 1 quart pistachio ice cream
- Chocolate Sundae Sauce
- 2 egg whites
- 1/4 cup sugar

Combine graham cracker crumbs, almonds, and 1/4 cup sugar. Stir in butter; mix thoroughly. Firmly press over bottom and sides of a 9-inch pie pan. Bake at 350 degrees for 8 minutes. Cool.

Fill crumb crust with ice cream. Freeze until ice cream is firm. Prepare Chocolate Sundae Sauce.

Beat egg whites until foamy throughout. Add 1/4 cup sugar, 2 tablespoons at a time, beating thoroughly after each addition. Continue beating until meringue will form stiff shiny peaks. Then beat 5 minutes longer. Spread over pie. Bake at 400 degrees for 3 to 5 minutes, or until meringue is lightly browned. (Meringue will be soft.) Serve at once with the chocolate sauce.

NOTE: For deeper meringue, use 4 egg whites and 1/2 cup sugar.

Chocolate Sundae Sauce

- 4 squares semi-sweet chocolate
- 6 tablespoon water
- 1/4 cup sugar
- 2 tablespoons butter

Place chocolate and water over low heat. Stir until chocolate is melted and sauce is smooth. Add sugar and stir until it is dissolved. Boil gently 4 minutes, stirring constantly. Remove from heat. Add butter and stir until blended. Serve hot. Makes 3/4 cup sauce.

Leprechaun Mint Freeze

- 1 cup (1/2 pt.) heavy cream
- 1/3 cup sugar
- 1 teaspoon vanilla
- 1/8 teaspoon peppermint extract
- 5 drops green food coloring
- 2 squares semi-sweet chocolate, coarsely grated

Whip cream just until it will form soft peaks. Add sugar, vanilla, peppermint extract, and food coloring. Fold in grated chocolate. Spoon into 4-ounce paper cups. Freeze until firm--about 3 hours. Makes about 5 servings.

Harrises Visit Friends In Arizona And Colorado

By
MRS. JOSEPH SPRING
OX 9-4021

On Thursday, February 26, Mr. and Mrs. Harold Harris of Belleville Road returned home after a three weeks vacation in the southwest. Accompanied by their son, Phil, his wife and daughter, Janet, they left by plane for California where they spent some time at Disneyland and other places of interest.

They then journeyed to Tucson, Arizona, where the Phil Harrises spent a week with Mrs. Harris' sister and husband, Mr. and Mrs. Richard Coffey, before returning home.

The senior Harrises went on to Mesa, Ariz., where they spent some time with the Lewis Fords, the David Falconers, Sr., and the Millard Tapps. They also enjoyed a visit with former Belleville residents, Mr. and Mrs. Aubrey Robson, of Denver, Colorado.

with her sons, Wallace and Clayton Saunders.

Present for the occasion were Mr. and Mrs. Clayton Saunders of Liberty St. and Mrs. Moore's grandchildren, Mr. and Mrs. Lynn Saunders of St. Clair Shores and the Dominick Duche family of Warren.

Mr. and Mrs. Russell Wilson of Elwell Rd. spent last Sunday afternoon with the latter's aunt, Mrs. Clyde Sheats, of Milan.

Kenneth Orr of Taylor and his brother, Lloyd Orr, of Harmony Lane spent last Tuesday at Durand with their 85-year old father, Emory Orr, who has been a hospital patient for several days but is now convalescing at his home.

Sunday guests at the home of Mr. and Mrs. Paul Clark of Liberty St. were the latter's sister and husband, Mr. and Mrs. Herbert Pieger, of St. Clair Shores.

Mr. and Mrs. George Haft of Church St. spent the weekend of February 28 at Springfield, Ohio, with the Robert Jones family and helped their granddaughter, Karen Jones, celebrate her 9th birthday.

Mrs. Robert (Bertha) Thompson, who has been confined to her home on Belleville Rd. all winter because of a fractured hip, is now able to get about her home now and then with the aid of a cane.

Mrs. William Cahill and infant daughter are now residing on Church St. while her husband is serving overseas. Mrs. Cahill is the daughter of the Robert Drysdals of Alden Dr.

At Mothers Guild

Detective Talks On Narcotics

Detective Sergeant Robert Johnston of the Michigan State Police Post at Ypsilanti was guest speaker at the recent meeting of St. Stephen's Mothers Guild.

His talk was a clear and concise report on the abuse of drugs and narcotics. He illustrated the methods of identifying drug-users, symptoms of using, costs of habits, and histories of cases with State Police Slides.

He concluded by burning a synthetic marijuana tablet which produced an unpleasant acid sensation to the nostrils. He stated that "almost every addict started

on marijuana." And that the same people who introduced them to smoking pot later sold the addicted persons heroin to satisfy body craving or "need."

At the business meeting which followed, the second grade won the Traveling Banner for having the most parents present at the meeting.

The school will hold a book fair March 14 and 15 to benefit the library. There is also a need of wallpaper scraps to cover new books.

Pre-registration for first graders will take place March 14 and 15.

MISS COGER

Coger-Casto Betrothal Announced

Mr. and Mrs. Dewey Evan Coger of 10386 Quirk Road, Belleville, are announcing the engagement of their daughter, Valerie Jalene, to Sp/4 Johnny Lee Casto.

Miss Coger is currently in her senior year at Belleville High School. Her fiancé graduated from Ypsilanti High School in 1967 and is presently serving with the U.S. Army at An Khe, Vietnam.

Mr. and Mrs. Darris Casto, Sr., of 418 Oak Street, Ypsilanti, are parents of the prospective bridegroom.

No date has been set for the wedding.

More than 40-million loaves of bread are baked daily by American bakeries.

Easter Seal Society Visited by 'Dr. Welby'

Television star Robert Young, ambassador for the 1970 Easter Seal Campaign to benefit crippled children and adults, stopped in Detroit during an eleven day trip to nine cities.

While here, he met and chatted with Carl E. Licht, River Rouge, president of the Eastern Seal Society of Western Wayne County, five year old Devin Strong, and his mother, Mrs. Warren T. Strong of Livonia.

Strong is the president of the Parents' Club of the Detroit Easter Seal Society where Devin receives physical therapy regularly.

Young's interest in the rehabilitation of the handicapped grew with his starring role in "Marcus Welby, M.D." "Welby is not the old family or country doctor image," explains Bob, "but one who is urbane, well-to-do and knowledgeable in total medicine. Knowledge of total medicine and concern for the ultimate well being of the patient must entail awareness of rehabilitation problems and methods," he pointed out.

The Easter Seal Campaign, which continues through March 29, Easter Sunday, is the principal source of funds for rehabilitation services for

What's In A Frame?

Nondescript pictures take on new importance as decorative accessories when framed and matted properly, the Picture and Frame Institute points out. Take a careful look at the pictures that now decorate your walls. If any pictures are not doing their job decoratively, consider brightly colored mats or reframing them. You'll be surprised and pleased with the results.

Five Candles

THERE WAS a party Saturday, February 28, at the Lloyd Moody home on McBride Road, Romulus. Guests came to wish their son, Clifford, a happy fifth birthday and to join him for cake and ice cream.

Youngsters watching as he blew out his candles were Pam Jones, Mary Tally, Laura Littleton, David and William Boik, Ruthie, Lyn, and Bob Moody, and Cliff's sisters and brothers, Wilma, Debbie, Billy and Larry.

His grandmother, Mrs. Ina Eastridge, was also on hand to assist with the festivities.

An Oriental Touch

RIGHT DOWN to chopsticks is the way Pat Gamble planned her dinner party for the first of March. She and her sister-in-law, Sue Duford, even made a special safari into Detroit's Chinatown to find 'just the right' items for the banquet.

Pat's reasons for planning the party were the February-March birthdays of her parents, the Warren Dufords, as well as that of a close friend, Sandra Askew of Belleville.

The table, set for 12, was conspicuous for its absence of silverware. Instead, the group was invited (or 'challenged') to try their skill at manipulating the Oriental eating tools with four of the 12 succeeding in their efforts.

Interested in what Pat served? I was. The menu consisted of rice soup, egg rolls with plum sauce, sweet and sour pork, fried rice, chow mein, Shanghai salad, Oriental fruit compote, and pots of jasmine tea.

The guest list was comprised of the honored guests; Sandi's husband, Kenn, and their two daughter, Susan and Ann; David Duford; and the host and his daughter, Dick and Terri Gamble.

Final Lenten Dinner To Be Family Smorgasbord

By Pearl Morris
Phone WH-1-1187

The last in a series of Lenten Dinners will be held Tuesday evening, March 17, at the United Methodist Church on Olive Street, Romulus.

Congregations from the Romulus and New Boston United Methodist churches will join in the dinner which is being served Smorgasbord style, beginning at 6:30 p.m.

Folks with last names beginning A through K are to bring meat dishes; folks from L through N, vegetables or potatoes; from O through R, salad; S through Z, desserts, according to Mrs. Josephine Rehkopf, General Chairman (phone 941-2534). Families with children are to bring their own milk; everyone bring own dishes and silver. Rolls and coffee are furnished.

Romulus' new Cadet Girl Scout Troop No. 114 was presented with an American flag last Thursday by the Ladies Auxiliary of the local V. F. W. Post. Mrs. Althea Rigby made the presentation in behalf of the Auxiliary. The new troop is sponsored by the Romulus Progressive Club and is led by Mrs. Max Nelson.

Horse Leaders of Wayne County will meet Wednesday, March 11 (today) at the 4-H Fairgrounds near Belleville, beginning at 7:30 p.m. All 4-H horse leaders are invited to attend.

Pfc. Stephen Morgan, son of Mr. and Mrs. Alex Morgan, 36510 Romulus Avenue, is serving with a Calvary Regiment of the U. S. Army in Vietnam. Morgan, a Romulus High graduate of '66, has been in service for a year.

Funeral services for Mrs. Ernest (Eva) Gentz of 37611 Walnut Street will be held at 10 a.m. Thursday at the Lentz Funeral Home in Wayne.

Mrs. Gentz passed away Sunday morning at Wayne County General Hospital as a

result of kidney failure.

Several months ago local residents joined with residents from other communities in an effort to purchase a kidney machine for Mrs. Gentz, through donations and the collection of Betty Crocker coupons.

A baby boy weighing 6 pounds, 1 ounce was born Wednesday, March 4, to Mr. and Mrs. Danny Treece, 36915 Ferndale Street.

Mrs. Treece is the former Marilyn Glinski and her husband is serving in Vietnam at this time with the U. S. Army. This is the young couple's first child and he was named "Chad Ray."

The baby is a grandchild of Mr. and Mrs. Albert Glinski of Romulus, the Leo Drobots of Willis Road, Belleville, and a great grandchild of the Anthony Kopses of Romulus. He was born at Annapolis Hospital, Wayne.

We all read and hear much about drugs and drug abuse these days and how much damage it is doing to young folks, but do we really realize how close to home it comes? According to an official publication of the Romulus Community Schools, 22 percent of the local boys and seven percent of the girls have experimented with drugs and marijuana, codeine, amphetamine were most frequently mentioned.

IS YOUR BOY OR GIRL ONE OF THESE? These figures were obtained through a survey conducted as a teaching unit by the students of teacher Willnus' first hour American Government Class. A total of 886 students (grades 9-12) answered the questionnaire.

Mr. and Mrs. Bob Michniewicz, 39145 Chase Road, are the parents of their first child, a six pound, one half ounce daughter born Feb. 28 at Seaway Hospital, Trenton.

Is your home
going to turn
into a
desert
this winter?

In wintertime, people in houses with flame-type heating wake up mornings with that stuffed-up feeling. With hoarse, dry throats. Furniture dries out and starts creaking.

Sound familiar? You bet it does. The best way to stop it is with electric heat.

You see, electric heat isn't a dry or drying heat.

So you usually don't need a humidifier. The moisture from bathing and cooking is all you need for natural comfort.

An Edison-Approved Electric Heating Contractor will be glad to tell you all about comfortable, moisture-retaining electric heat. He'll figure your operating cost, and there'll be no obligation. And right now, your contractor's offering a \$100 trade-in on your old heating system. Call him for an electric heat survey, or mail the coupon below.

He'll show you how to turn your desert into an oasis.

Forgot the Ham?

What ever happened to the ham in hamburgers? It never was there. This all-American favorite was named not for the meat, but for the citizens of the German seaport, Hamburg. In trading with Russian Baltic provinces, they were introduced to red meat, shredded with a dull knife. The people of Hamburg were so fond of this dish that it gradually acquired the name of their city.

KARATE DEMONSTRATION--Cub Scout Pack 1071 held its annual Blue and Gold Banquet at the United Methodist Church Feb. 23. One of the highlights of the evening's program was a karate demonstration by James Yu, Korean, holder of the black belt, and several of his students. They are shown above in one of their many illustrations in Karate.

Karate Is Demonstrated At Cub Scouts' Banquet

BELLEVILLE--Cub Scout Pack 1071, held its Blue and Gold Banquet at the First Methodist Church on Monday, Feb. 23.

Tables were set for the event with Scout place mats and napkins and individual nut cups made by Den 10 were at each place.

Den 7 made Cub Scout hats, paper weights and the centerpiece for the tables. The head table also had a very pretty flower arrangement in blue and gold that was later given to Cubmaster James Pollard and his wife.

There were several guests

seated at this table, Rev. and Mrs. Charles Dibley, Mr. and Mrs. George Haft, Mr. and Mrs. Ralph Bird, Kenneth Hyde and Eugene Gutierrez.

Boy Scout Leader of Troop 1071, Eugene Gutierrez, welcomed four boys from Webelos into his troop.

Gets OK

ROMULUS--The annual Spring Festival held under the sponsorship of Romulus Jaycee Club will be held June 2 through June 7.

A permit to hold the festival was approved by Romulus Township Board March 2.

The no-fee permit provides a clean-up provision that must be adhered to by the Jaycees.

The board ordered that Police Chief Jacob J. Koch be notified and that he (Koch) make the necessary police plans relative to the festival.

Some have further predicted that man will have to use airfilters to breathe the polluted atmosphere.

What will happen to our wild life, environment, lives, if nothing is done to correct this situation? What will happen to your children? "Now is the time for all good men to come to the aid of..." their children! Will you?

These and other questions are being studied by these students at Belleville Junior High School.

Beverly Announces Bee Champ

ROMULUS - In a contest held last week, the school spelling champion was named at the Beverly Elementary School.

She is Dawn Cavanaugh, sixth grade daughter of Mr. and Mrs. James Cavanaugh, 9274 Chamberlain.

Runner-up was Anthony Sandusky, son of Mr. and Mrs. George Sandusky, 35715 Beverly Road. He is also a sixth grade pupil.

The winning word was "collar."

School Activity

A SOUTHERN PLANTATION--Without hammers and nails a Southern Plantation rose out of Elwell Elementary School's fifth grade class project. Members of Mrs. Marianne Cipkowski's class are shown above in a culminating activity in Social Studies lesson of the Southeast.

Cory School PTA Elects New Slate

ROMULUS--Cory Elementary School PTA elected a slate of new officers at their meeting of March 2, Mrs. Fran Petre, incumbent president, announced. Those who were elected to hold offices for the 1970-71 PTA year are:

Mrs. Robin Krings, president; Mrs. Mary Ann Hearst, vice president; James Petre, father vice president; Mrs. Annie Ellis and Mrs. Sarah May Fielder, teacher vice presidents; Mrs. Mary Ann Treder, secretary and Mrs. Ella Moore, treasurer.

Mrs. Petre, who is completing her second year as president of Cory PTA, is still busy finishing plans for some of the many projects undertaken by the group.

Costumes for the Spring Music Festival, which will have a Latin theme, are being prepared, she said, and another committee is working on plans for a square dance.

Preparations for the installation of a piece of sculpture in the school courtyard are expected to be complete by this spring, Mrs. Petre added.

A committee has been

Board Cancels Meeting

NEW BOSTON--The March 11 meeting of the Huron Township Board has been cancelled, Mrs. Wilma Wilson, township clerk, announced Monday.

The board meeting was cancelled to permit board members to attend the basketball playoffs scheduled to be held in Ypsilanti. Huron High School is a participant.

The regular meeting of March 25 will be held, Mrs. Wilson said.

Entertainment for the evening was presented by James Yu, Korean Karate Blackbelt and several of his students.

Everyone watched the various movements as the instructor explained what the students were doing and stated that this takes much training to be able to break cement and wood with your feet, elbows and head.

Yu explained many reasons to take Karate: self-defense, self-confidence and physical fitness.

Van Buren Reports On Building

BELLEVILLE The Van Buren Building Department issued a total of 160 permits during February, Stan Price, building inspector, announced.

The permits authorized the construction of an estimated \$32,400 in building. Fees collected amounted to \$2,587.

Among the building permits issued were five for commercial projects, 38 for residential and 117 for mechanical jobs.

Gun Club Shoot Scheduled

ROMULUS--The Romulus Gun and Raccoon Club will hold another Turkey Shoot on Sunday March 15 at 1 p.m. at the Romulus Raccoon Hunters' Club grounds located on Wick Rd., one mile west of Wayne Rd. Guests are welcome to attend.

The Romulus Gun Club meeting last Sunday was a tremendous success. The board officially appointed five new posts. They are:

Hospitality and welcome committee, Rodney Dittmar; Sergeant at Arms, Robert Lane Jr. and Rodney Dittmar; Recording Secretary, Dianna Tipple; Activity chairman, Ron Pastula; Membership, Leonard Sanchez, Robert Lane and Lester Tipple.

New members are: Tom Urban, Mr. and Mrs. Richard Pennington, Jack A. Bath and Stephan J. Ledarich.

Founder's Day Held By PTA

ROMULUS--Gordonier Elementary School's PTA observed Founder's Day on the evening of Feb. 26 with a ham dinner.

The unit provided the meat and rolls, coffee, milk and tea, the balance of the dinner was pot luck.

Two hundred members, guests and children attended the dinner and viewed two movies: "Wind in the Willows" and "Speech and Protest."

Mrs. Carol Renton, PTA president, said it had been a very enjoyable evening with a very good "turn out."

She cited an increased interest in PTA and schools in general from the Gordonier area.

School Bus Stop Law Is Described

LANSING—Effective March 20, school bus drivers are forbidden by Act 240 of the Public Acts of 1969 to use their flashing red "stop" signals inside cities or villages which have not passed ordinances authorizing them to do so.

On and after March 20, traffic must stop on any road or street in Michigan

whenever the alternating red lights are operating.

Drivers who have been educated by their past experience to look upon the flashing school bus lights as "warning lights" must become aware of the change. Children may be crossing the street in front of the bus displaying the flashing red lights.

In cities and villages which have not passed a school bus stop ordinance, the bus driver may not actuate the flashing lights and pupils, when leaving the bus, must wait at the curb until traffic has cleared before crossing the street.

Cities and villages which pass the school bus stop ordinance must post a prescribed notice at the entrances to the incorporated area.

When a school bus required to have alternately flashing red lights is about to stop, the lights must be actuated by the driver at least 200 feet in advance of the stop.

Deactivation of the flashing lights will permit traffic to proceed past a stopped school bus.

The Act also provides that any vehicle which passes a stopped school bus displaying flashing lights shall be presumed to be driven by its owner and proof that the vehicle illegally passed the school bus shall be presumption of guilt.

It costs the average family \$84 more annually to live in a heavily industrialized town because of damages caused by air pollution.

WINS BEE AGAIN—Terri Sienko, sixth grade student at Edgemont Elementary School, daughter of Mr. and Mrs. Edward Sienko, 140 S. Edgemont St., has won the school's spelling bee for a second time. Terri (left) is shown with Lorre Dunn, daughter of Mr. and Mrs. Edward Dunn, 45125 Harmony Lane, who is runner-up. Terri won the spelling bee last year.

Edgemont Student Wins Bee

BELLEVILLE—Terri Sienko, daughter of Mr. and Mrs. Edward Sienko, 140 S. Edgemont St. repeated as the School Spelling Bee champion of Edgemont Elementary School.

On Friday, Feb. 27, the top ten spellers of the fifth and sixth grade met to determine the school champion.

Terri, champion as a fifth grader last year, won when she correctly spelled the word difficult.

Runner-up was sixth grader Lorre Dunn, daughter of Mr. and Mrs. Edward Dunn, 45125 Harmony Lane. Others in the top ten were Antoinette Sam, Andrea Price, Anne Griffith, Susan Talaga, Susan Krebs, Lisa Chen, Jon Batzer and Judy Bly.

Principal Sam LoPresto was aided in judging the contest by Mrs. Mary Ann Basset and Mrs. Eunice Kause

of Edgemont School's PTO. Each of the participants in the spelling bee received a letter from the PTO

congratulating them on their fine achievement and effort in preparing for the school bee.

Social Security Answers

Q. I am 63 and plan to continue working. My wife, who will be 65 this year, has never worked under social security. Will she be eligible for both hospital insurance and medical insurance under Medicare?

A. The answer is yes—but there is an important difference in her eligibility for each of these two types of protection.

Your wife may qualify for the medical insurance part of Medicare at 65, whether or not she has ever worked under social security.

But she can get the hospital insurance part of Medicare only if you apply for and establish your entitlement to monthly security benefits.

You do not have to retire

to apply for monthly benefits; but you do need to establish your entitlement to make it possible for your wife to get hospital insurance protection. You may continue working if you choose.

Rehabilitation Of Cancer Patient Is Of High Priority

Two women drove down your street in a station wagon last week. Anyone might have thought they were friends off on a shopping trip.

They are friends. Special friends. A cancer patient and an American Cancer Society volunteer. The patient was being driven to an appointment for treatment.

Later that day, the volunteer stopped by the Wayne County Unit of the

American Cancer Society to check on the sickroom supplies, and hand-made dressings, kept in readiness for a call from a cancer patient's family.

"Please call us," said Robert O'Bryan, M.D., "That's the motto of the American Cancer Society Patient Service Program."

BELLEVILLE—A petition for rezoning of two lots on Belleville Rd. one half mile north of the I-94 Expressway has been filed with the Van Buren Planning Commission by the Marathon Oil Company.

The firm's petition seeks approval of construction of a service station.

The commission tabled the petition for further study.

EMU Adds Black Bibliography

YPSILANTI—The Eastern Michigan University Library has compiled and published a Bibliography of Black American Literature on its shelves. Included in the 195 titles listed are works of fiction and non-fiction, plays and poems.

The time span of these writings is more than a century. Earliest is "Among the Pines, or South in Secession Times" by James Roberts Gilmore, originally published in 1862. Among those which came out in 1969 is Lorraine Hansberry's "To Be Young Gifted and Black."

Books in the bibliography are "by and about black

Opinion On Cyclamates

EAST LANSING—Dr. J. D. Taylor, clinical pharmacologist for Abbott Laboratories speaking recently at a seminar at Michigan State University, said that there is no real evidence that cyclamates really do harm to man, even after 20 years of use and testing.

He said that this was because all testing has been done in animals and there is too much ignorance of the

relationship of an animal's metabolism to man's.

LEGAL NOTICES

NO. 70-12859

To the Supervisor and Clerk of the Township of Romulus, Wayne County Michigan.

Sirs:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on February 19, 1970, decide and determine that the certain road described in the minutes of said Board should be a County road under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said road are hereby made part of this notice and are as follows:

Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices, 7th Floor City-County Building, Detroit, Michigan, at 10:00 A.M. Eastern Standard Time, Thursday, February 19, 1970.

Present: Chairman Kreger, Vice-Chairman Berry, and Commissioner Neudeck.

Commissioner Berry moved the adoption of the following resolution:

BE IT RESOLVED by the BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN, that the following described road be and it is hereby taken over as a County Road and made a part of the County Road System of the County of Wayne, in accordance with the provisions of Act 283 of the Public Acts of the State of Michigan for the year 1909, as amended:

A strip of land, 120 feet in width, being parts of Section 33, T. 35 S., R. 9 E., Romulus Township, Wayne County, Michigan, the center line of said strip is described as: Beginning at a point of curvature on the east line of Section 33 (center line of Vining Road) distant, N. 0° 35' 51" E., 989.09 feet from the S.E. corner of Section 33; thence proceeding northerly along the arc of a curve to the left 1811.99 feet to a point of tangency, the radius of said curve being 2022.2 feet and the chord bearing N. 25° 04' 20" W., 1751.97 feet; thence N. 50° 44' 32" W., 1452.36 feet to a point of curvature; thence northerly along the arc of a curve to the right 1002.15 feet to a point of tangency and ending on the center line of Wayne Road, the radius of last said curve being 2022.2 feet and chord bearing N. 36° 0' 32" W., 991.93 feet. Said point of ending being located S. 22° 20' 52" E., 1158.41 feet from a monument marking the intersection of the aforesaid center line of Wayne Road with the north line of Section 33.

Dr. Miller's challenging statements were stated in To Nurture Humaneness: Commitment for the 70's the yearbook of the Association for Supervision and Curriculum Development of the National Education Association.

Miller's cogent remarks, along with twenty other distinguished educators, in this era of cataclysmic change, stress the need for immediate overhauling of education if the 70's are to bring better life for all.

America's public schools must implement promising practices to constantly develop human capabilities.

Dr. Miller indicates, in discussing equipment, materials and facilities, that the teacher is the key figure in facilitating a humane curriculum. "Rich supplies of materials and fine facilities will NOT be helpful if the teacher does not use them effectively," states Miller.

"Equipment and materials can contribute to building humaneness when they take over the teacher-tasks, thus freeing time to have more time to relate to youngsters individually or in small groups," continued Miller.

School buildings which emphasize flexibility will be better able to provide learning opportunities and create a personalized

atmosphere. The schools of the 70's should provide areas for small group interaction, for individual thought and contemplation, and for large group activities.

Dr. Miller concludes his contribution to the 1970 ASCD yearbook with a fervent plea for schools where the total climate for students

is accepting and stimulating.

"Students must taste success, they have a feeling school is a better place because they are there. Schools should be a place for a student to assume responsibility take risks, and grow in self-insight.

How does such growth

Dr. Miller is a Michigan

come about? People, rather than things, must be valued. ALL individuals--pupils, teachers, custodians, visitors--all must be seen as worthy human beings.

"Schools must be a place where people are important," Dr. Miller concludes.

Car Club Films Are Available

A highly unusual film celebrating the excitement of open-wheel race cars has been released by Ford Motor Company through its film library.

"Formula Ford," an 11-minute documentary on the new Sports Car Club of America racing class, was filmed on location at Michigan International Speedway prior to and during SCCA national championship event in September, 1969.

The film uses a variety of modern techniques, including dizzying scenes from cameras mounted on an actual race car traveling at speeds in excess of 100 miles an hour. Aerial views, long-lens photography, slow motion and "strobe" editing combine to heighten the viewer's feeling of participation in the race itself.

The new racing class, which in 1970 will enjoy both an expanded club program and a new professional series, is based on an international formula specifying single-seat, open-cockpit and open-wheel cars powered by a standard 1600-cc Ford Cortina engine.

Township of Romulus

I, ALFRED J. PERRY, Clerk of the Township of Romulus, do hereby certify that the foregoing is a true copy of the minutes of a regular meeting of the Romulus Township Board, held on March 2, 1970 in the Waterboard Building.

organizations would have to meet standards established by the state.

"The mentally handicapped child must have special instruction if he is to reach his fullest educational capacity," Petitpren explained. "This requires special education. Unfortunately, there are many school districts in the state which do not, for various reasons, offer this type of special class. This legislation takes into consideration the special needs of handicapped children by making it possible for their parents to utilize classes offered by non-profit organizations with facilities for the mentally retarded and emotionally disturbed child."

"There are many such organizations in the state. The Western Wayne Association for Retarded Children is one such organization, but they need financial assistance to carry on their work. Very often parents of mentally handicapped children are unable to provide that financial aid."

The Petitpren bill makes it possible for the parents to apply for special state aid when their children attend classes conducted by the non-profit organizations.

The state aid would be in the form of payment for a fair share of state aid and local taxes behind each child in their school district. The state payment would be sent to the parent and signed over to a chartered non-profit organization.

"This takes pressure off both the parents and the organizations which offer programs for the mentally retarded," Petitpren pointed out.

The Wayne County Board of Supervisors approved the following action at their March 5 meeting:

*Elected Albert R. DeBiasi of Allen Park, to the District 22 vacancy created by the resignation of Supervisor Robert L. Tripp.

District 22 covers Lincoln Park, Southgate and half of Allen Park.

DeBiasi, 42, an attorney, was elected by a 19-6 vote over Alexander Z. Petri, Sr., former state representative and Lincoln Park businessman. A third candidate, Southgate Councilman Gerald E. Laura, withdrew before the balloting. DeBiasi said he will seek to retain the seat in the Aug. 4 primary election.

*Adopted unanimously a resolution urging the State Legislature to take steps to put Michigan on daylight savings time.

The Legislature could either put the question on the upcoming election ballot or repeal the present eastern standard time statute. The resolution was sponsored by Supervisor Edmund Bizek, of Romulus, D-District 24.

*On a party line vote, adopted a resolution urging Michigan's two U.S. Senators to vote against the appointment of Judge G. Harold Carswell to the Supreme Court by President Nixon.

The two Republican

supervisors, William R. Bryant, of Grosse Pointe Farms, and Carl D. Pursell, of Plymouth, cast the only votes against the resolution.

The resolution was originated by Paul Silver, of Detroit, D-District 11, and broadened on the floor of the board to include all the Democratic supervisors as sponsors.

*Appropriated \$400,000 to help finance the current six-month "crash program" instituted to reduce the backlog of criminal cases in Circuit Court and Detroit Recorder's Court.

The board stipulated that none of the money be used for additional probation officers and called on the

State to pay for the additional 70-odd probation officers needed to meet State standards.

*Endorsed a request that the Federal government turn over Marine Hospital in Detroit for use as a drug addicts rehabilitation center.

Efforts to establish the rehabilitation center are being spearheaded by the Narcotic Addiction Rehabilitation Coordinating Organization (NARCO).

*Endorsed a proposal that Federal food stamps be mailed to low income families as an alternative to the present requirement that a family member appear personally to receive the stamps.

The board stipulated that none of the money be used for additional probation officers and called on the

ROMULUS TOWNSHIP ORDINANCE NO. 70-80

AN ORDINANCE TO PROHIBIT VANDALISM IN PUBLICLY OWNED PARKS RECREATIONAL AREAS; TO PROVIDE PENALTIES; AND TO PROVIDE FOR RECOVERY OF DAMAGES.

WHEREAS: The Township of Romulus, pursuant to the authority contained in Act 280, Public Acts of Michigan, 1969, deems it necessary to prohibit vandalism of publicly owned parks and recreational areas within the Township of Romulus; and to provide for penalties and the recovery of damages thereof in order to provide for the health, safety and welfare of the citizens of Romulus Township.

THE TOWNSHIP OF ROMULUS HEREBY ORDAINS:

SEC. 1. It shall be unlawful to destroy, damage or remove any tree, shrub, wild flower or other vegetation, or to destroy, deface or remove any publicly owned property in any public park or recreational area.

SEC. 2. Any person who violates any provision of this Act is guilty of a misdemeanor.

SEC. 3. (1) In addition to the penalties provided in this ordinance for violating its provisions, any person convicted of an act of vandalism within any public park or recreational area shall be liable to the Township or public agency for an amount equal to three (3) times the total amount of the damage as shall be determined by a court of competent jurisdiction.

SEC. 3. (2) In every case of conviction for the offenses herein prohibited, the court before which such conviction shall be obtained, shall enter a judgment in favor of the Township or other public agency and against the Defendant or Defendants for liquidated damages in a sum as provided in Section 3 (1). The Township or other public agency shall, with the assistance of the Township attorney, collect the judgment in the manner or manners provided by law. If two or more Defendants shall be convicted of the vandalism, the judgment for damages shall be entered against them jointly or severally. If the Defendant is a minor, the judgment shall be entered against both the Defendant and his parents.

SEC. 4. Upon collection, the sums shall be credited to the general fund of the Township or public agency involved and shall be used for repairs and improvements to the parks and recreational areas.

SEC. 5. Should any portion of this ordinance be held invalid for any reason, such holding shall not be construed as affecting the validity of any of the remaining portions of this Ordinance.

SEC. 6. This ordinance shall become effective ninety days after the close of the 1969 legislative session and thirty days after publication.

FRIDAY THE 13TH

Today is Friday the 13th
So I guess I'll stay in bed—
They say today's an unlucky day,
So how can I get ahead?

It's true I can't get anywhere,
If I listen to superstition—
Better change my attitude,
Viewing this story with suspicion.

Instead of trusting just to luck,
Remember each day is God's day,
Each day as good as any other,
And God with us all the way.

Huron Wins 1st District Cage Title

Chiefs Play Rouge Tonight At EMU

Huron turned back the only two teams to beat them in basketball during the regular season to capture its first Class B District championship Friday.

Coach Dave Court's Chiefs walloped Grosse Ile, 86-73 on Friday behind a 36-point performance by Wasilewski and an 86-64 win over the newly crowned Huron

Conference champs Flat Rock last Wednesday to win the district tourney and advance to the Regional.

The Chiefs will clash tonight (Wednesday) with the defending Class B State champ, River Rouge, at 5 p.m. at Eastern Michigan University. The winner will move on to the semi-finals

Friday night (5 p.m.), playing Inkster.

The regional finals are slated for Saturday at EMU.

"It's really gratifying to see these boys work," said Coach Court. "Flat Rock and Grosse Ile handed us losses in the conference and we proved to them that we're 'the

unofficial champ" by beating them decisively in the district.

Wasilewski, looking fully recovered from an auto accident which left him with facial and head cuts requiring some 30 stitches to close, hit on 16 baskets and four free throws to pave the way against Grosse Ile.

Huron, leaped out in front

24-13 in the first quarter and never looked back until it had the Title sewed up. The Chiefs had quarter leads of 44-33 and 64-48.

Three other Huron cagers found their way into double figures. Randy Gorham, an excellent play-maker who did most of the "feeding,"

Ypsi Ousts Romulus, 68-57

The beginning was the end for Romulus as Ypsilanti ruler of district and regional

play and runner-up in the race for the state Class A basketball title for the past

two years, ousted coach Al Duva's Eagles 68-57 on Thursday at Eastern Michigan University.

Romulus fell behind by 10 points in the first quarter of the district playoffs and Ypsilanti never let the Eagles recover.

"We worked in spurts," said coach Duva after the game. "We just couldn't get warmed up enough after they took the lead from us.

"We were always within grasp of getting to them, but never did," he added.

Ypsi, with Ron Gardner dumping in seven points, raced to a 16-11 first quarter lead and remained ahead 36-27 at the half. Though Romulus came back thanks to Don Halimon's six points in the third quarter to pull within five points, 52-47, of typing up the score, Romulus fell didn't make it. The Eagles apart in the final frame.

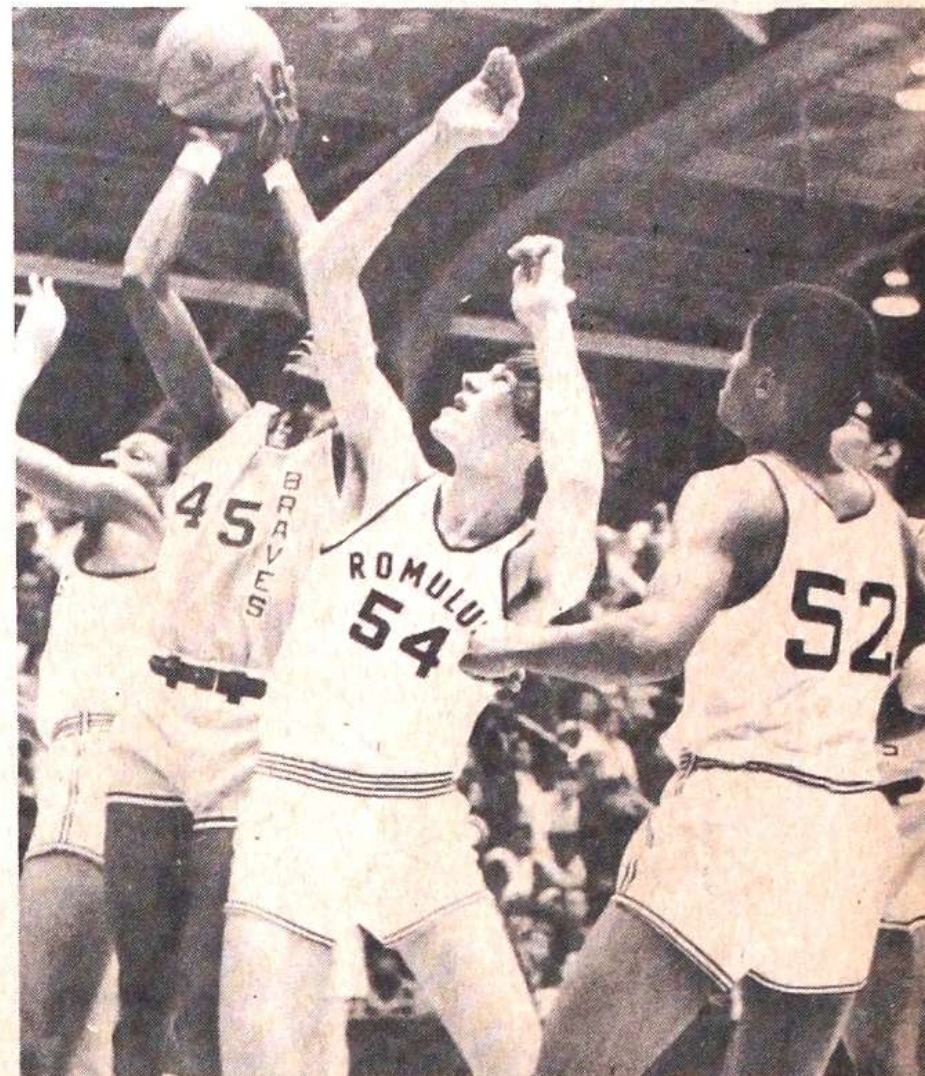

Ypsi outscored its rivals 17-10 in the last eight minutes of the game.

Ypsi went on to capture its third consecutive district

championship and will represent the district at the regional being played at Livonia Franklin.

Gardner dumped in nine field goals and three free throws to claim top scoring honors with 21 points. He was supported by Terry Frye who accounted for 17 while cousin, Sid Frye, added 14.

Four Romulus cagers had 12 points each. They were Halimon, Charles Johnican, Frank Nesbit and Roy Szyndlar.

A BRAVE EFFORT—Meandering his way through Romulus' zone defense, Ypsilanti's Ron Gardner (45) heads up for a layup despite center Roy Szyndlar (54) and Nate Davis (on left). Gardner got 21 points in the Braves' 68-57 first round triumph over the Eagles. The Ypsi quintet went on to capture the district title and heads for the regional at Livonia Franklin.

THE SPORTS MERIDIAN

By Tom Mooradian

Like the nursery rhyme that was dramatized by the mystery movie, "Ten Little Injuns," there are now three cage teams left in the area that are "alive" in the battle for the state crown—Garden City West, Inkster and Huron.

And one can only speculate which will be the next victim.

West? Inkster? Or Huron?

It's a guessing game which could be very interesting to play.

It is a "battle of the fittest."

West, guided by coach Chris Babler escaped two harrowing calls at Livonia Franklin to win its second straight district Class A title. And the Tigers will use a 19-game winning wedge to shield it against Ann Arbor Huron tonight when the two clash in the regional playoffs.

West has the edge at center with 6-7 Rick Drewitz (30 ppg.) but is weak at the guard spots.

The Tiger foe Ann Arbor Huron, gained fame by upsetting Battle Creek Central, a team ranked No. 2 in the polls during most of the season.

And their strong points are two good-looking guards. It's weak and soft in the center.

Would you exchange two good guards for one outstanding center?

Though everyone in the area has been gunning for Inkster, coach George Thompson has been able to keep his Vikings out of range. Inkster's district rivals couldn't touch the Vikings, and they had no trouble winning their second straight district title.

But who do you think coach Thompson and his boys could meet next?

Yes, none other than their old nemesis—River Rouge.

Inkster has the gunners in Eartha Fox, Jerry Allison, Rick Hatcher and Willie Ealey to shoot down almost anyone, including Rouge. The Vikings also have a "one-man defensive unit" in 6-7 senior center, Duane Fox.

But no one under-estimates Rouge coach Lofton Greene, and lives long. He's a "mystery man" who stirs up hope and ambition in his teams and kills would-be cage kings.

Which will it be—Inkster or Rouge?

Do we hear somebody kicking in New Boston. Inkster or Rouge? Don't forget Huron—they're still alive. And Huron coach Dave Court wants us to remember it!

Huron gets the first shot at Rouge and if that duel ends in a Huron victory, Rouge will be laid to rest. And it'll be the New Boston team vs. Inkster on Friday at Eastern Michigan.

And the Huron squad, with its 6-7 center Rick Wasilewski and guard Randy Gorham could very easily write the epitaph to both Rouge and Inkster's Class B title ambitions.

No, no one is trying to rub anyone out of the title picture—but after this week, there will be two more "cage bodies" laid to rest.

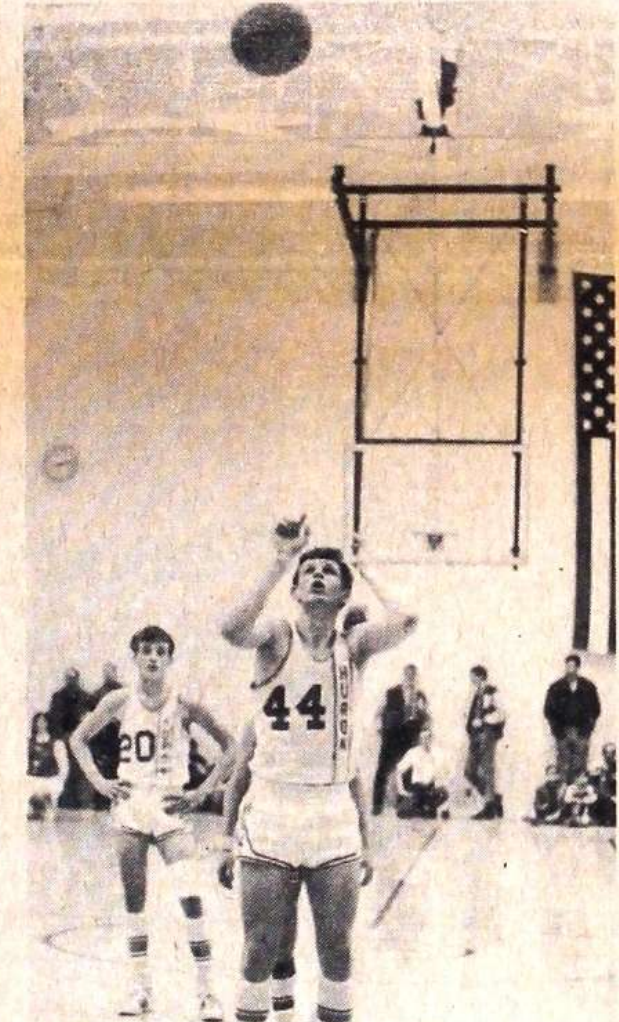

... Leaving one.

Inkster Captures Free Throw Award

Leading the chart 15 of the 16 weeks, Inkster High emerged this week as the best free throw shooting team in the Associated Newspapers area. The Vikings, who have won 20 straight Mid-Wayne Conference games and again rule as league champs, finished with a .680 average at the free throw line.

The FINAL STANDINGS are as follows:

School	Free Throws	Games Played	Average
Inkster	254 of 373	16	.680
Cherry Hill	287 of 445	17	.645
John Glenn	253 of 400	17	.632
Huron	319 of 505	17	.631
Garden City West	273 of 434	16	.629
Romulus	225 of 373	16	.603
Robichaud	225 of 384	17	.583
Wayne Memorial	240 of 414	17	.579
Garden City East	247 of 431	17	.573
Franklin	286 of 511	17	.599
St. Mary's	242 of 445	16	.544
Belleville	255 of 478	16	.533

IN ORBIT—Watching his free throw head for its target is Rick Wasilewski (44) who poured in 36 points to lead Huron past Grosse Ile and to its first District championship. Wasilewski will be watched closely by Rouge tonight—you can bet—when the two clash in the first game of the regional playoffs at Eastern Michigan University.

Airports Show Boost

LANSING--The airlines carried more passengers but less cargo during 1969 from 21 Michigan airports that have scheduled commercial air service, the Michigan Department of Commerce (MDC) reports.

The number of passengers increased from 8,732,941 in 1968 to 9,441,207 during 1969, an increase of 8.1 per cent.

Cargo shipped from the 21 airports dropped from 204.1 million pounds in 1968 to 193.1 million pounds last year, a decline of 5.4 per cent.

State Commerce Director Richard E. Whitmer said 14 of the 21 airports reported increases in number of passengers arriving and departing while air cargo shipments increased at 10 airports.

Only eight airports reported increases in both categories during 1969, Whitmer said.

The passenger statistics, compiled by the MDC's Aeronautics Commission, do not include passengers who

flew on third level or so-called commuter airlines. Detroit Metro led the state in both number of passengers and pounds of air cargo.

After displaying signs of greatness against John Glenn in the first round, Belleville slumped into its old doldrums against Inkster Cherry Hill and was wiped out in the semi-finals of the Class A district basketball tournament on Thursday by the Spartans 79-61.

Coach Allen Gates' Tigers qualified for the semis by ousting Glenn 72-56 behind a balanced attack which saw four Belleville cagers hit in double figures.

The revelry, however, did not last for Belleville as Cherry Hill, led by 6-8 senior center Jim Kroll, blasted the Tigers out of the district playoffs to qualify themselves for the finals.

Belleville stayed in the game with the Spartans for the first eight minutes, 15-14, but was outscored 25-11 in the second quarter. Though Garrade Pettus and Rick Mussehl led a Tiger third quarter comeback which cut the Cherry Hill lead to 11 points, 56-47, the local quintet never caught up.

Cherry Hill sewed it up with a 23-14 fourth quarter.

"We couldn't get up enough steam for them," commented coach Gates after the Cherry Hill defeat. "We played up and down ball and, though we were within four points in that third quarter of catching them, we just couldn't make it."

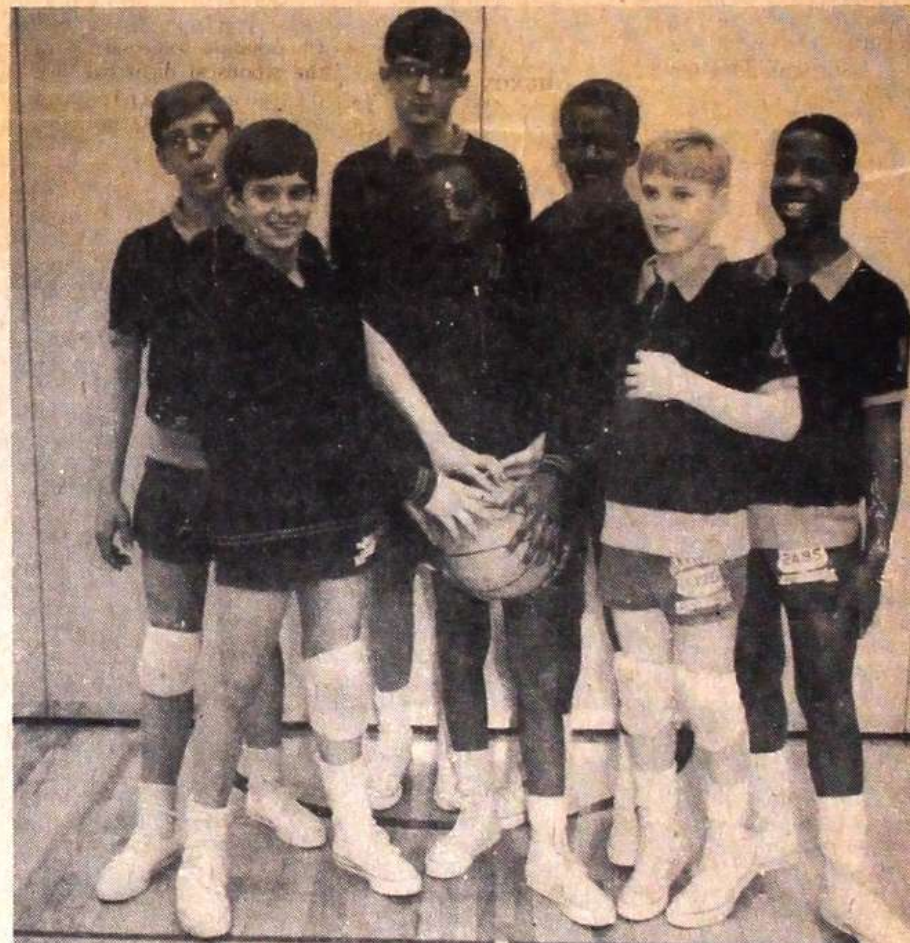

Belleville couldn't capitalize also on Cherry Hill's turnovers—28 of them, (The Tigers had 16). The

Tigers also shot 32 percent from the floor, missing 64 shots. They sank nine of 19 free throws.

Kroll and forward Keith Cabanaw combined for 45 of their team's points. The 6-8 center hit on eight baskets

and nine of 10 free throws for 25 points, while Cabanaw sank eight field goals and four

Old Outdoorsman Writes Of 'Perils Of The Wild'

BY LEE SMITHS
Special Writer

Professionals in the field of natural resources management have long conceded the superiority of the riches that nature has bestowed on Michigan in respect to fish and game.

Enclosed by the Great Lakes, with hundreds of interior lakes, thousands of miles of streams, great expanses of marsh and wood land, not yet despoiled — Michigan has a great abundance of all that appeals to the sportsman, the naturalist and that very important person, the

bird-watcher, defined as a little old lady wearing canvas shoes (God bless her!).

Yet there are 49 other states, each with its own outdoor richness. Like Arizona. A relative in Tucson sends me, from time to time, newspaper clippings of outdoor interest.

Pete Cowgill, outdoor writer for the Arizona Daily Star, has started a series on the mountain lion, or cougar. There is now a \$500 bounty on the Arizona mountain lion. The Arizona Cattle Growers Association is opposed to a proposal that the mountain lion be considered a game animal, with no bounty.

The Cattle Growers Association has passed a resolution recommending that the appropriation that has annually been made for bounty payments be matched

by a like amount and that research be conducted leading to alternate methods of control.

No other American animal has inspired the legends and mystery that the panther generates. Even in recent years there are occasional reports of signs of the panther in the Michigan north woods.

In pioneer days Grandma heard the panther howl in the wilds of Branch County. Narratives of the fur trade tell us that Indians feared only one wild animal — the panther. It seems probable that on occasion an Indian child was killed by a panther. There are two records of humans attacked by wild animals in Michigan, the villain in both instances being a bear.

We were told many years ago that the lynx was a man-killer, lying in wait in a tree over a trail to pounce on the unsuspecting wayfarer. Another deadly denizen of the forest was the snow-snake.

A green hand in a logging camp was shown mice tracks in a brush pile and warned that the snow-snake was nearby. This creature, snow white except for its eyes, secreted a venom so lethal that it killed man instantly, standing up. There wasn't even time to fall down, we were told.

The toil of timber harvesting was brightened at times by some green-horn who was terrified of the snow-snake. Other perils of the wild included the hodag, the hide-behind and the side-hill gouger. The gouger had two long legs, two shorter legs to facilitate travelling along the side of a hill.

As a matter of fact, mythological man-slayers have claimed human victims. On occasion someone lost in the woods at night has died of sheer panic and exhaustion, fleeing headlong from imagined perils, engendered by backwoods folk lore.

Road Toll Shows Dip

February traffic deaths in Michigan numbered 132, a reduction of 26 or 16 per cent compared with 158 in the same month last year, State Police provisional figures show.

The toll also was four less than the February average of 136 for the five years 1965-69. This is in sharp contrast to February's all-time high of 159 set in 1964 and the low of 51 in wartime 1943.

The February deaths brought the accumulated toll for the first two months this year to 294 which was one less than the total of 295 for the same period in 1969.

Area Senior Citizens To Tour Livonia Plant

BELLEVILLE--The Belleville Senior Citizens Club will leave the United Methodist Church of Belleville at 9:15 a.m. March 16 to tour a Peanut Butter Plant in Livonia.

Thursday meeting (March 12) at the Edgemont Elementary School will be at 7 p.m. A group of square dancers will perform and demonstrate some of the sets and calls.

The Club has decided to limit its future members to any one 50 or over, who have lost a mate or who has been forced in to retirement because of disability and who resides in Van Buren Township or the City of Belleville.

New members are Mrs.

Gertrude Wallenburg, Alice Hightower, Helen Essex, Agnes Yorkison and Clarence Heininger.

Township Seeks Better Lighting

ROMULUS—Members of the township board are requesting more effective street lighting and service from the Detroit Edison Company.

At the March 2 session of the board, Township Attorney John E. Young was instructed to prepare for adoption by the board a proper resolution embracing such a request to the Detroit Edison.

Seventh Grade Team Ends 'Best' Season

By Patrick Jefe

BELLEVILLE—The Belleville seventh grade basketball team finished the year with a 9-1 season, the best record for a Belleville seventh grade team in a long time.

On the season, the team had 482 points against opponents 311 points. Over ten games played the team averaged 43.8 points a game against opponents' average of 28.2.

Belleville started off the season with two victories over Cherry Hill, 34-23, and Inkster Fellrath, 37-16. But

when the team went to Ypsilanti East it had trouble and lost 33-29. After beating Romulus at home 40-22, team players had a fourteen-day rest before meeting Romulus again on their floor, but still won, 39-25. Ypsilanti West was played at home. It was the "toughest game" of the season, it ended in victory 38-33.

The team didn't have much trouble beating, in order, Cherry Hill, 48-32, Ypsilanti East, 47-26, and Fellrath, 57-34.

They finished out the season by beating Ypsilanti West 59-48, setting their highest game total this year.

WSU Schedules 2-Day Teach-in On Pollution

Michigan Senator Philip Hart and consumer spokesman Ralph Nader headline the list of speakers at Wayne State University's April teach-in on pollution.

The two-day conference, April 22-23, in conjunction with national teach-ins on campuses throughout the United States, is being sponsored by the student-led Committee on Environmental Preservation (CEP) at Wayne.

The group plans a series of speeches, discussion groups, films, slide presentations, and photographic exhibits.

CEP has also received firm speaking commitments from Dr. Mort Sterling, Wayne County director of air pollution control; Dr. T. Byerly, assistant secretary of the U.S. Department of Agriculture; and members of Wayne State's School of

Medicine, Department of Biology, College of Engineering, Center for Urban Studies and other departments.

Dow Chemical and the U.S. Bureau of Commercial Fisheries will also send representatives.

Senator Hart is scheduled to speak on Wednesday, April 22, and Nader on Thursday, April 23.

Invitations have also been issued to Detroit Mayor Roman S. Gribbs, Detroit Common Council President and WSU faculty member Mel Ravitz, and representatives of Standard Oil Co., the Department of the Interior, American Air Lines, United Air Lines, U.S. Steel Corp., and other business, industry, government, and scientific leaders.

Allen Park Retains '6' Title

Belleville's Chet Meyer was robbed of a gold medal at the Suburban Six Conference swimming meet Saturday when the ref awarded Trenton's Dennis Simmons the victory in the 100 yard freestyle.

Both tankers had finished the event in 51.5, but the decision went to Simmons. Meyer was forced to settle for his second silver medal of the meet.

Earlier, Meyer swam a 1:56.6 to place runnerup to Allen Park's Gary Dombrowski who was clocked in 1:52.0 for the 200 yard freestyle.

Coach Bill Brandell's tankers were shut out from the golds and finished fourth with a total of 33 points, three points ahead of Livonia Bentley (30) and above last place Redford Union (29).

Allen Park won its second straight conference championship, accumulating 78 points. Plymouth was second (60) and Trenton, third (54).

Belleville qualified three of its tankers for the State Finals. Making the trip to University of Michigan this weekend will be Meyer, who'll swim in the 100 and 200 yard freestyle events and divers Eric Rice and Barry Susterka.

wound up with 13 points - his performance was topped by Joel Richert who sank 18 while Don Mittlestat contributed 10.

Against the defending champ, Flat Rock, however, Huron had trouble shaking the visitors in the first quarter (24-17) but pulled away thanks to Butch Suemnick who collected 11 points to fire up his team.

The Chiefs outscored their rivals 16-13 in the second quarter and settled for a comfortable 40-27 halftime. They were up by 12, 55-43, for three quarters.

Suemnick lead the field of scorers with a 23-point night and Wasilewski and Randy Gorham was close by with 22 each.

Pettus and Joe Claybron managed to make their way into the two figure column. Pettus emerged with 21 on seven of 10 free throws and seven baskets and Claybron wound up his prep cage career with 15-seven buckets and one free throw.

A balanced scoring attack in the fourth quarter, with Claybron, Pettus, Marty Miller and Mushehl each taking turns contributing baskets, lifted the Tigers past John Glenn, 72-56.

Belleville, trailing closely most of the first half way, fell behind 15-12 in the opening quarter and 29-28 at the half, but came away with the lead at 41-40, before outscoring the Rockets 31-16 in the final frame.

Legislative Dinner Unites Three Cities

BY JIM BRADLEY

GARDEN CITY — In an ambitious undertaking the Chambers of Commerce of Garden City, Wayne and Westland are bringing U.S. Senator Philip Hart to speak at a tri-city legislative dinner on Saturday, March 21, in Garden City.

Chamber officials hope this initial joint effort will lead to an annual event where nationally political figures can be attracted to address local citizens.

Also invited to the dinner are the mayors, councilmen and other elected representatives of the three cities to talk with residents on an informal level.

Along with Senator Hart, other legislators invited to the affair include, Gov. William Milliken, Senator Robert P. Griffin, U.S. Rep. Martha Griffiths, U.S. Congressman William D. Ford, State Senator William Faust, and State Reps. James Tierney, Richard Young and Vincent Pettipren.

Garden City Mayor Timothy Murphy, Wayne Mayor Kenneth McKay, Westland Eugene McKinney, and councilmen of the three communities, as well as

Wayne County Supervisors Ralph Turco and Edmund Bizek, have indicated they would accept the invitation to come.

"It is hoped that the dinner will also attract many interested businessmen, citizens and their wives," Joseph Benyo, co-ordinator for the legislative dinner, said this week.

The committee arranging the dinner includes Jo Ann Neumann, executive secretary of Garden City Chamber; William Zugrowich of Garden City; Lela Garr, executive secretary of Wayne Chamber; Jack Demmer of Wayne; Harriet Gagnon, executive secretary of Westland Chamber and Benyo, first

vice-president of the Westland Chamber.

"Not enough of our businessmen know their legislators and our committee feels this tri-city dinner would be one way to get them together," Benyo said. He continued:

"With today's economy being what it is, and the other problems businessmen face, it is almost imperative that a closer relationship be arranged to help understand the problems.

"Many elected officials have confirmed their intentions to come. I have talked personally with many local officials and they have shown a strong backing for the dinner and look forward

to meeting with the citizens," Benyo added.

The dinner is planned for 7 p.m. on March 21 at the new Garrison House on Cherry Hill Rd. at Venoy Rd. in Garden City.

Committee members chose the site because of its central location, they said.

"This tri-city legislative dinner is dedicated to the purpose of advancing the commercial, industrial, agricultural, educational, professional, civic and general interest of Garden City, Wayne, Westland and their trade area," Benyo pointed out.

He concluded:

"We hope interested persons from all surrounding communities will feel free to come and take an active part in meeting with the legislators and discussing problems common to all."

A cocktail hour will last from 6 p.m. to 7 p.m., followed by Senator Hart's speech and a buffet dinner.

Chamber officials urge everyone to make reservations early. Tickets may be obtained at any of the chamber offices for \$5 per person.

FIRST FRIDAY HUDDLE — Wayne First Friday Club President Paul Lada, left, talks with State Senators William Faust (D-13th District), center, and Robert Hubert (R-Troy). Senator Hubert, a conservative, is opposing Mrs. Lenore Romney for the Republican nomination for U.S. Senator in the August primary. A crowd of about 75 persons heard Senator Hubert in Wayne Friday.

Supervisors Pick Body To Evaluate Salaries

DETROIT—Appointment of a citizens commission to evaluate the jobs of Wayne County officials and recommend compensation has been approved by the County Board of Supervisors. The supervisors, meeting March 5, approved creation of an "independent compensation commission consisting of nine members..." Approval was by a 19 to 2 vote.

The original proposal that only the salaries of the Board of Supervisors be evaluated was amended at the suggestion of Board Chairman Albert J. Zak to include all elected County officials and appointed members of County boards and commissions.

Zak pointed out that the supervisors have the responsibility for setting the compensation for all County officials, including themselves. He said overall guidance from the citizens would be valuable.

Members of the commission will be selected by Zak with the approval of a majority of the supervisors. The commission will be selected from candidates recommended by individual supervisors.

Any citizen or group may submit names to individual members of the Board of Supervisors for consideration.

Zak asked the supervisors to submit their candidates within two weeks. He said he would announce his

selections in about two weeks after that.

At present, the supervisors receive a \$10,000 annual salary, a compromise figure reached after prolonged debate after the directly-elected County legislative body took office in January, 1969. Other elected County officials are in the \$20,000-\$30,000 range.

The commission will be asked to have its recommendations "at the earliest possible time," but no later than Sept. 21.

In other action, the Board of Supervisors:

*Elected Albert R. DeBiasi, of Allen Park, to the District 22 vacancy created by the resignation of Supervisor Robert L. Tripp.

District 22 covers Lincoln Park, Southgate and half of Allen Park. DeBiasi, 42, an attorney, was elected by a 19-6 vote over Alexander A. Petri Sr., former state representative and Lincoln Park businessman. A third candidate, Southgate Councilman Gerald E. Laura,

withdrew before the balloting. DeBiasi said he will seek to retain the seat in the August 4 primary election.

*Adopted unanimously a resolution urging the State Legislature to take steps to put Michigan on daylight savings time. The Legislature could either put the question on the upcoming election ballot or repeal the present eastern standard time statute. The resolution was sponsored by Supervisor Edmund Bizek, of Romulus, D-Dist. 24.

*On a party line vote, adopted a resolution urging Michigan's two U.S. Senators to vote against the appointment of Judge G. Harrold Carswell to the Supreme Court by President Nixon.

The two Republican supervisors, William R. Bryant, of Grosse Pointe Farms, and Carl D. Pursell, of Plymouth, cast the only votes against the resolution. The resolution was originated by Paul Silver, of Detroit, D-Dist. 11, and broadened on the floor of the board to

include all the Democratic supervisors as sponsors.

*Appropriated \$400,000 to help finance the current six-month "crash program" instituted to reduce the backlog of criminal cases in Circuit Court and Detroit Recorder's Court. The board stipulated that none of the money be used for additional probation officers and called on the State to pay for the State to pay for the additional 70-odd probation officers needed to meet State standards.

*Endorsed a request that the Federal government turn over Marine Hospital in Detroit for use as a drug addicts rehabilitation center. Efforts to establish the rehabilitation center are being spearheaded by the Narcotic Addiction Rehabilitation Coordinating Organization (NARCO).

*Endorsed a proposal that Federal food stamps be mailed to low income families as an alternative to the present requirement that a family member appear personally to receive the stamps.

"They Shoot Horses" One Of Best

By HOWARD ALLEN
Amusement Critic

It was an accepted cliché that the stock desert movie would send soda pop sales soaring, but such oasis-eaters were at least in harmony with their environment. If they were able to catch you up, they had something going for them.

On a somewhat more sophisticated level, "They Shoot Horses, Don't They?" (Quo Vadis Penthouse II, other neighborhoods) has complete mastery of its surroundings, the marathon dance of the depressions thirties. "They Shoot Horses" is possibly the finest picture of the year and the fact that it was not nominated for best picture in the Oscar derby, despite a clutch of lesser nominations, is proof absolute that the Motion Picture Academy is far from perfect.

It might be hard to convince the current generation that there really was a time when things were so bad that people would dance for weeks and months on end, sleeping on their feet and eating as they danced for the sake of the elusive jackpot awaiting the

survivor-- or, even more elemental, for the free food provided the contestants.

It is the pictures' finest tribute that it projects this image with no miscues, with everything unshakable, authentic and exactly right.

As might be supposed, marathon dances attracted mostly losers, such as the played out and cynical Jane Fonda, who offers the strongest performance of her career in a film full of fine performances, including those of Gig Young as the merciless proprietor of the contest, an amazing departure from his usual run of "Van Johnson" roles. Red Buttons also scores markedly as a sailor seeking a place in a society which has no place for him.

"They Shoot Horses" but people are not so lucky. They break down, collapse, go crazy, deteriorate, suffer heart attacks on the dance floor. The result is an intensely compelling evening.

One of the most valid marks of a play's credentials is how well it wears and by these standards "You're a Good Man Charlie Brown" has very fine credentials indeed. Seen for a fourth

time (after earlier looks in New York, San Francisco and at the Fisher) the Peanuts company, now at the Vest Pocket, are as fresh and joyful as ever.

The University of Detroit Theatre offered a cheerful

look at "As You Like It," Shakespeare's blend of pastoral frivolity and court trivia. U-D is constantly struggling to make do with inadequate stage facilities and they are usually quite ingenious.

Is Room Decor A Real Bore? Paneled Walls Add Drama

Staring at four walls might be a pleasure instead of a bore if the walls were visually exciting.

Too often, walls are an innocuous backdrop for furniture when they could be adding visual interest, providing a dramatic accent, or emphasizing room decor.

their delicate look. Decorative filigree is often used as accent paneling or for stylish room dividers, folding screens and connecting doors.

Unusual wall treatments are possible in recreation areas, hobby rooms and

hallways with "textured" hardboard panels that simulate burlap, wicker, basketweaves and canes. Embossed louver patterns are attractive in dining rooms. Marbleized paneling adds elegance to foyers and baths. Many styles are available in

decorator colors, so walls can be blended with ceilings, floors, and furniture fabrics.

There are also plastic-surfaced hardboards for high-humidity areas like kitchens, bathrooms and laundry rooms. They are

moisture-resistant and can be scrubbed clean.

Hardboard panels are easily installed over furring strips or right on the existing wall. They can be cut and worked with regular carpentry tools, and applied with nails or a waterproof, cartridge-type adhesive. Matching moldings and trim are available with many pre-finished styles.

DECORATIVE WALLS can be the dramatic highlight of any room setting. Here, hardboard paneling in a handsome woodgrain finish adds texture and warmth to a sleek, contemporary decor. The sturdy panels, which will not dent, mar or scuff, can be applied by a do-it-yourselfer.

Old Refrigerators Should Be Checked

Refrigerators more than 30 years old may contain gases which, if released, can cause disablement or even death.

Dr. William G. Frederick, director of Detroit Health's Department's bureau of industrial hygiene, warns of the danger of exposure to such toxic gases as sulfur dioxide and methyl chloride used in refrigeration units built before World War II.

"Contact with sulfur dioxide and the even more dangerous methyl chloride can cause severe illness and death in cases of high concentration," Frederick said.

"All machines not in active service should be

checked by a licensed refrigerator repairman. If they are found to contain a poisonous gas, they should be completely emptied by the repairman following usual safety procedures."

The problem was recently brought to the attention of the bureau of industrial hygiene when a complaint was received describing a suffocating, choking and eye-watering material entering the complainant's apartment unit.

Investigators for the bureau found that workmen in the basement accidentally broke the line on an old ice-making machine allowing sulfur dioxide gas in the

machine to escape. The gas then drifted through the floorboards to the apartment immediately above the basement.

It was necessary to leave apartment windows open for several hours in sub-zero weather to air out the fumes.

Freon, which is used in refrigerators built after World War II, is not considered as toxic a substance as sulfur dioxide or methyl chloride. Nor is it flammable.

Frederick also cautioned owners of refrigeration units not in regular use to remove either the door catches or doors to prevent children from trapping themselves inside.

Informative hints on how to choose and use hardboard are contained in a new full-color, illustrated brochure called "New Dimensions in Living". It's available for 25 cents from the American Hardboard Association, 20 North Wacker Drive, Chicago, Ill. 60606.

Trampoline Course

A class in Trampoline fundamentals is taught each Saturday at the Wayne Branch Y.M.C.A.

A new class will begin on Saturday, March 14, from 11:30 a.m. to 1 p.m.

Cost for the class is \$8.00 for Y members or \$10.00 for non-members.

Every Auto Needs Home Of Its Own

Does your car hate to go home at night because it has no place to park?

Despite spacious garages, a lot of cars get only curb-side accommodations when they reach home after a hard day on the road. The problem: garages so cluttered with storage that there's no room for the car. The solution: divide garage space equitably—walls for storage, floors for cars.

Key to the project is use of heavy-duty, 1/4 inch perforated hardboard paneling to provide wall storage. These versatile boards have perforations for hooks and heavy-duty fittings on which to hang a variety of equipment, from tools and garden hoses to weighty mowers and spare tires. Stackable items—paint cans,

boxes and the like—fit handily on shelves mounted on panel brackets. Everything is off the floor and conveniently stored on the walls.

Perforated hardboard can be installed by any do-it-yourselfer. The panels will not dent, mar or scuff, come in a number of sizes (including standard 4 by 8 feet) and can be cut and worked with ordinary carpentry tools.

Installation is over studs or furring strips. At least a quarter-inch clearance from walls must be left behind the panels to allow for insertion of fittings. Since hardboard is a wood product, it's best to allow for natural expansion by not butting panels too closely together. A good rule of thumb is to leave space for

the thickness of a matchbox cover between each panel.

Perforated hardboard is readily available at local lumber dealers and building supply stores. It comes prefinished or ready-to-paint, and in random-grooved or wainscot styles. Tempered panels are available for extra strength and moisture resistance.

For further information on the variety and uses of hardboard paneling (for garages, kitchens, living rooms, rec rooms, bathrooms, etc.) homeowners can refer to a new full-color, illustrated brochure, "New Dimensions in Living". It's available for 25 cents from the American Hardboard Association, 20 North Wacker Drive, Chicago, Ill. 60606.

A number of local dogs were among the top winners at the Sunday's huge Detroit Kennel Club Show at Cobo Hall.

French Bulldog Ch. Ralanda Ami Pierre, owned and handled by Mrs. Ralph West of Livonia was third in the non-sporting group. Considered by many to be a contender for Best In Show, Pierre has a total of 83 group firsts and 13 Best-In-Show to date.

Scarlett O'Hara of Tunstille, a boxer, owned by Ted and Jean Tunstille of Westland was Winners' Bitch and Best of Opposite Sex for three points, completing the requirements for her AKC championship. Scarlett is to be bred this week to American and Canadian champion Scher-Khoums Shadrack, and the Tunstilles anticipate a litter of outstanding show puppies.

Ch. Stormork's Gustav C.D., a Doberman Pinscher, owned by Jack and Alma Schroff of Livonia was Best Of Breed over 124 entries. The Schroffs had a big day in the breed with Gus's son, Rl-Jams Hidden Cargo, owned by Janie Garrick of Farmington, going Winner's Dog for five points. Stormork's Leddy, C.D., owned by Mrs. Joyce Sutton of St. Clair Shores, going best of winners for five points.

The Spring Thaw Reveals Litter Woes

Now that the permanent cover of snow has, hopefully left us for another year, we are confronted with the eyesore of litter.

The snow hides it for a few months; when the snow melts, trash of all shapes and sizes blows, rolls and sits on our streets and highways.

Litter problems are evident in all areas at this time of the year. It is the job of the local governments to enforce the litter laws, but that isn't the only solution. It is up to the taxpayer to be a little more careful when disposing of unwanted articles.

When the cost of the cleanup is tallied, it is the taxpayer's money that pays the toll. We complain about the litter, complain about having to pay for the cleanup, then throw empty cigarette packages and beer cans out of the car window.

Litter ordinances exist in all communities, but enforcement of them is sometimes lacking and at other times nonexistent. Governments and citizens should work together to end the litter problem.

Everyone admits that litter is an eyesore and detracts from the overall appearance of any city. Yet every spring the same problem appears. It is time to stop complaining and to do something about it.

Effective enforcement of litter ordinances and a little thought by citizens will help to curb the problem.

The cities should take the lead with proper efficient enforcement of litter ordinances. A few fines in the right places will help people think twice the next time they have some articles of rubbish they wish to dispose of.

Citizens should take pride in their communities. The old saying that litter reflects on the community still applies.

Governments and citizens should work together. It is the easiest way to eliminate a problem that nobody likes, but everybody allows to exist.

Time For Support

Keep the Wayne County Community College in mind.

While the fledgling institution has been operating on a minimal grant from the state of Michigan, and a lot of help from area school districts, the need still exists for some basic financing by the people of Wayne County.

The college is a success, most educational experts are agreeing, with a current enrollment of more than 9,000 students. Acceptance of many of the neighborhood centers has been excellent, and good use is being made of dormant school buildings nearly every week night.

The college has only a short period of time to wait before it must look to the citizens of the county for tax monies. Michigan state funds can supply only a

skeleton program and staff, and no capital outlay to speak of.

Use of the neighborhood centers, because it has proved convenient and is well-liked by students, will probably be continued, saving much of the cost of building whole new campuses immediately.

The college trustees have done excellently in giving the county a much needed community college program with practically no funds to work with. It was a challenge the trustees took on because they believed the college could be shown to be worthy of public support.

Sometime this year area voters will have a chance to decide if they will give their support. The amount may be as insignificant as a single mill or less. It is time that Wayne County supported its community college.

Bald Eagle Speaks

End Smear Tactics!

By Bob Ameen

The game of politics has become more scientific and refined as our civilization continues to progress, but the use of unethical methods to gain office is still to be deplored.

The current political campaign for city offices, now in full swing, is being tainted with rumors and smears as the April 6 election date draws near.

Most suburbanites are proud of the area in which they live and rightly so. They enjoy the ownership of green grass, trees and their own little nook away from the problems of the big cities.

Most of all, they are thankful for the opportunity of rearing their children in a relatively smog-free environment and sending them to an excellent school system to acquire a quality education.

For a multitude of reasons, suburbanites have chosen Livonia and similar areas as their place of residence.

Along with their hopes for a better city in which to take root is their desire to have good city government run by the best qualified men elected to office.

The race for mayor features two candidates with identical records of eight

years of service in city government. Both are good, solid citizens of the community.

For either of these men or their supporters to employ sabotage tactics, to gain support of voters is to be condemned!

Livonia's strict building codes and zoning standards provide rigid controls, which regulate type and quality of construction which make them compatible with surrounding dwellings.

We believe that election of either incumbent Harvey W. Moeke or challenger Edward H. McNamara will result in property values being kept at current high levels. We further believe that neither man would do anything that would help bring these values down and thus bring financial disaster to those residents who have worked a lifetime to earn material advantages for them and their families.

We call for an end to this smear campaigning and urge voters to consider what these candidates say publicly and in the press. We also urge them to question candidates on those topics which they feel need answering.

Those voters subjected to rumors and smears against a particular candidate should consider not only the source, but the reason for their propagation!

A Voice Worth Keeping

By Dick McKnight

In Great Britain, the BBC is the government operated radio and television network. For years, it was the only media the British enjoyed, until commercial television and radio entered the scene.

Broadcasting in the United States has always been commercially financed. There was no such thing as national radio and television until the National Educational Television network (NET) came on the scene a few years ago.

The NET is represented in Detroit by Channel 56, a public owned and supported television station.

Channel 56 badly needs money to continue operation. Grants from various foundations and aid from some government agencies has helped, and each year the station recruits representatives from area newspaper and broadcast media to raise funds to keep Channel 56 going.

But why should I, a newspaperman, care about Channel 56?

First of all, Channel 56 does not compete with commercial media because it is public owned.

Secondly, Channel 56 is perhaps the only place where the complete spectrum of expression and free comment exists in American society. This is the most important point of all.

In Britain, the BBC was found to be too old fashioned and high-minded to suit popular tastes. Although sophisticated and of fine quality, BBC broadcasting failed to satisfy the British taste for the pap routinely fed to viewers of American television networks.

With the advent of NET, American viewers were able to see many things that were found not to be commercially desirable on private networks. Public debates, classical entertainment, minority group programming and documentaries on controversial issues found a home in NET.

Channel 56 programming currently features some of the Detroit area's most popular shows. Many mothers will attest to the drawing power of such children's shows as Sesame Street and Mister Rogers.

My wife and I would never miss an installment of the Forsyte Saga, the 26-week production of

John Galsworthy's novels about an uppercrust English family. In the Forsyte Saga, the emphasis is on wit and subtlety, not pathos and buffoonery.

In some way Channel 56 programs must be supported with cash.

When viewers see a program on commercial television, they are paying to see that program each time they purchase the product that sponsors that program. The cost is part of the overhead of producing and advertising the product for sale.

In public broadcasting, the payment must be more direct. If you enjoy programs like Sesame Street or the Forsyte Saga, a minimum contribution of \$15 would be welcomed by Channel 56, Detroit.

In a time when there is much being said about the quality of information being received by the public, it is even more important that Channel 56 be kept alive.

Line Of Defense

Viewpoint

Happiness Is...

By Dann Barkume

Happiness is tying your shoe lace, for the very first time.

A little bit of philosophy borrowed from Charles Schultz, of Peanuts fame, which kind of describes the whole gambit of this complicated mass of motion we call existence.

The line is borrowed from a song and it depicts something that most of us are missing, simplicity. We place our values high and constantly strive for that bigger home or expensive car and we tend to forget that it's those little things that make life so liveable.

Children are about the only people alive today who can appreciate those little things. For example, remember how you felt the first time you tied your own shoe lace? You wanted everybody to know that you had done it all by yourself. Today it matters more if we have a built in swimming pool or not.

We have so much to look at, to ponder and to enjoy; without reaching for our billfold, yet we don't consider it important because it doesn't cost anything.

We can appreciate those little things so much more because they are there for the asking. Watch a parent as he looks at his young child at play. Look into that parent's eyes, you will see happiness and it didn't cost a penny for that moment of enjoyment.

Happiness is sharing your sandwich.

People today don't seem to be overly concerned with happiness because it is usually shown in the form of the price paid for a certain object.

Happiness is a certain quality which, somehow, makes life livable. We are contented when we are happy. It doesn't always mean laughter, it means

genuine satisfaction combined with the proper attitude and spirit of life which flows out to others.

Happiness is holding hands

Happiness doesn't cost a penny, yet it's priceless. You can tell when someone is genuinely happy because their feelings envelop everyone within the immediate vicinity.

Why not try it sometime; do something simple with someone who is very special and see what results. You may find that the feeling inside will make you feel like you were meant to be in that particular situation all the time.

A person's happiness is admired by other people around him.

Happiness is walking in the rain with someone you love.

Lift Up Your Head

Random Electoral Thoughts

By Rosemary Wolock

Speculation on who would run for what ended this week as the filing deadline for the Inkster municipal primary passed. With the candidates a known factor, here are some thoughts at large on the upcoming election.

My nominee for happiest candidate is Terrel LeCesne. Unopposed, LeCesne does not have to worry about running primary or general election campaigns. But because of this enviable position, he may be hard-pressed to campaign for other candidates for council or mayor.

The list of candidates is not yet final. Although no other candidates' names will be added to the list, some may be disqualified. Candidates must be registered voters, property owners and residents for two or more years, among other requirements. Final determination of who is qualified, and who is not, will be made this week.

The entry of Councilman Jack Mulhern into the mayoral race has added interest to the primary. Prior to his entry, my guess for the runoff spots would have been Mayor Leonard Daksiewicz and Ed Bivens. Now, who knows?

In interviewing the challengers for council, I heard many express a vague dissatisfaction with the way things are being done. Several candidates could not say what they would have done differently than the incumbents, but hope to get a chance to try.

Whoever, the winners are, one thing is certain. The nature of the council will be different. Two members of the four-vote coalition that made most of the decisions during the last couple of years will not be back. Councilman Robert West decided not to run for election to his appointed council seat. Councilman Jack Mulhern and Mayor Leonard Daksiewicz are facing off for mayor and one of them, at least, will be bumped off the council.

Some months back, the Jaycees bristled at the charge that they were "political". However, I count three Jaycee candidates LeCesne, Ernest Hendricks and Lawrence Chastang.

Three Inkster men are seeking a job that will be out of existence six months after the election. Perhaps constable candidates Guy Foster, Alvin Pomaville and James Ballard hope they'll be in the front-running when it comes time for the district judge to choose a bailiff.

In the never say die category, there are two candidates who are seeking election in districts that are composed largely of persons of the opposite race. They are James H. Brunk, a white who is seeking election in mostly-black district 3, and Lawrence Chastang, a black who is seeking election in mostly-white district 6.

48-In Memoriam

IN LOVING memory of my dear husband, Woodbury J. McNutt, who passed away 2 years ago March 11, 1968. "Your love for me and my love for you will last through Eternity. Some day when life's journey is ended, we will be together again." Sadly missed by wife, Dorothy, and children, Robert, Marcella McNutt, Carol and Kevin Carrico, and grandson Michael McNutt. 48-10-P-B

IN LOVING memory of my daughter, Florence Migliacchio, who passed away 3 years ago, March 8, 1967. Treasured thoughts of one so dear. Often bring a silent tear. Thoughts return to scenes long past. Time rolls on but memory lasts. Sadly missed by mother and sister McCanney. 48-10-P-B

IN memory of Annie Ella Reid. Her life was earnest, her actions kind. A generous hand an active mind. Anxious to please, loath to offend. A loving wife and mother, and faithful friend. 48-11-C

IN LOVING memory of Ronald N. Nichols who passed away March 16, 1963. A leaf in the book of memory is gently turned today. Our thoughts of you dear one are never far away. We do not always understand why things happen as they do. But it is comforting to know God will take care of you. Sadly missed by mom, brother, sister and families. 48-10-P

JERRY IS missed terribly by all, Watkins. 34966 Richard, Wayne. 48-10-P
